

Teorema | 20
Collection | 24

Teorema: oltre 100 anni di storia.

I prodotti Teorema sono la sintesi di **design, usabilità e qualità** nella rubinetteria da bagno e cucina.

Ma non solo: la produzione è concepita con l'utilizzo di strumenti e tecnologie che consentono di creare rubinetti dal design versatile ed impeccabile, nel rispetto di una filosofia di vita eco-sostenibile. Teorema è un marchio di **WTS S.p.A.**, una realtà industriale che per qualità e solidità è uno dei maggiori punti di riferimento internazionale della rubinetteria residenziale, turistico-alberghiera e destinata al wellness.

Teorema: over 100 years of history.

*Teorema products are the synthesis of **design, usability and quality** in bathroom and kitchen faucets.*

*But that's not all: production is conceived with the use of tools and technologies that make it possible to create faucets of versatile and impeccable design, in keeping with an eco-sustainable philosophy of living. Teorema is a brand of **WTS S.p.A.**, an industrial reality that is one of the major international benchmarks in terms of quality and solidity, for residential, tourist-hotel and wellness faucets.*

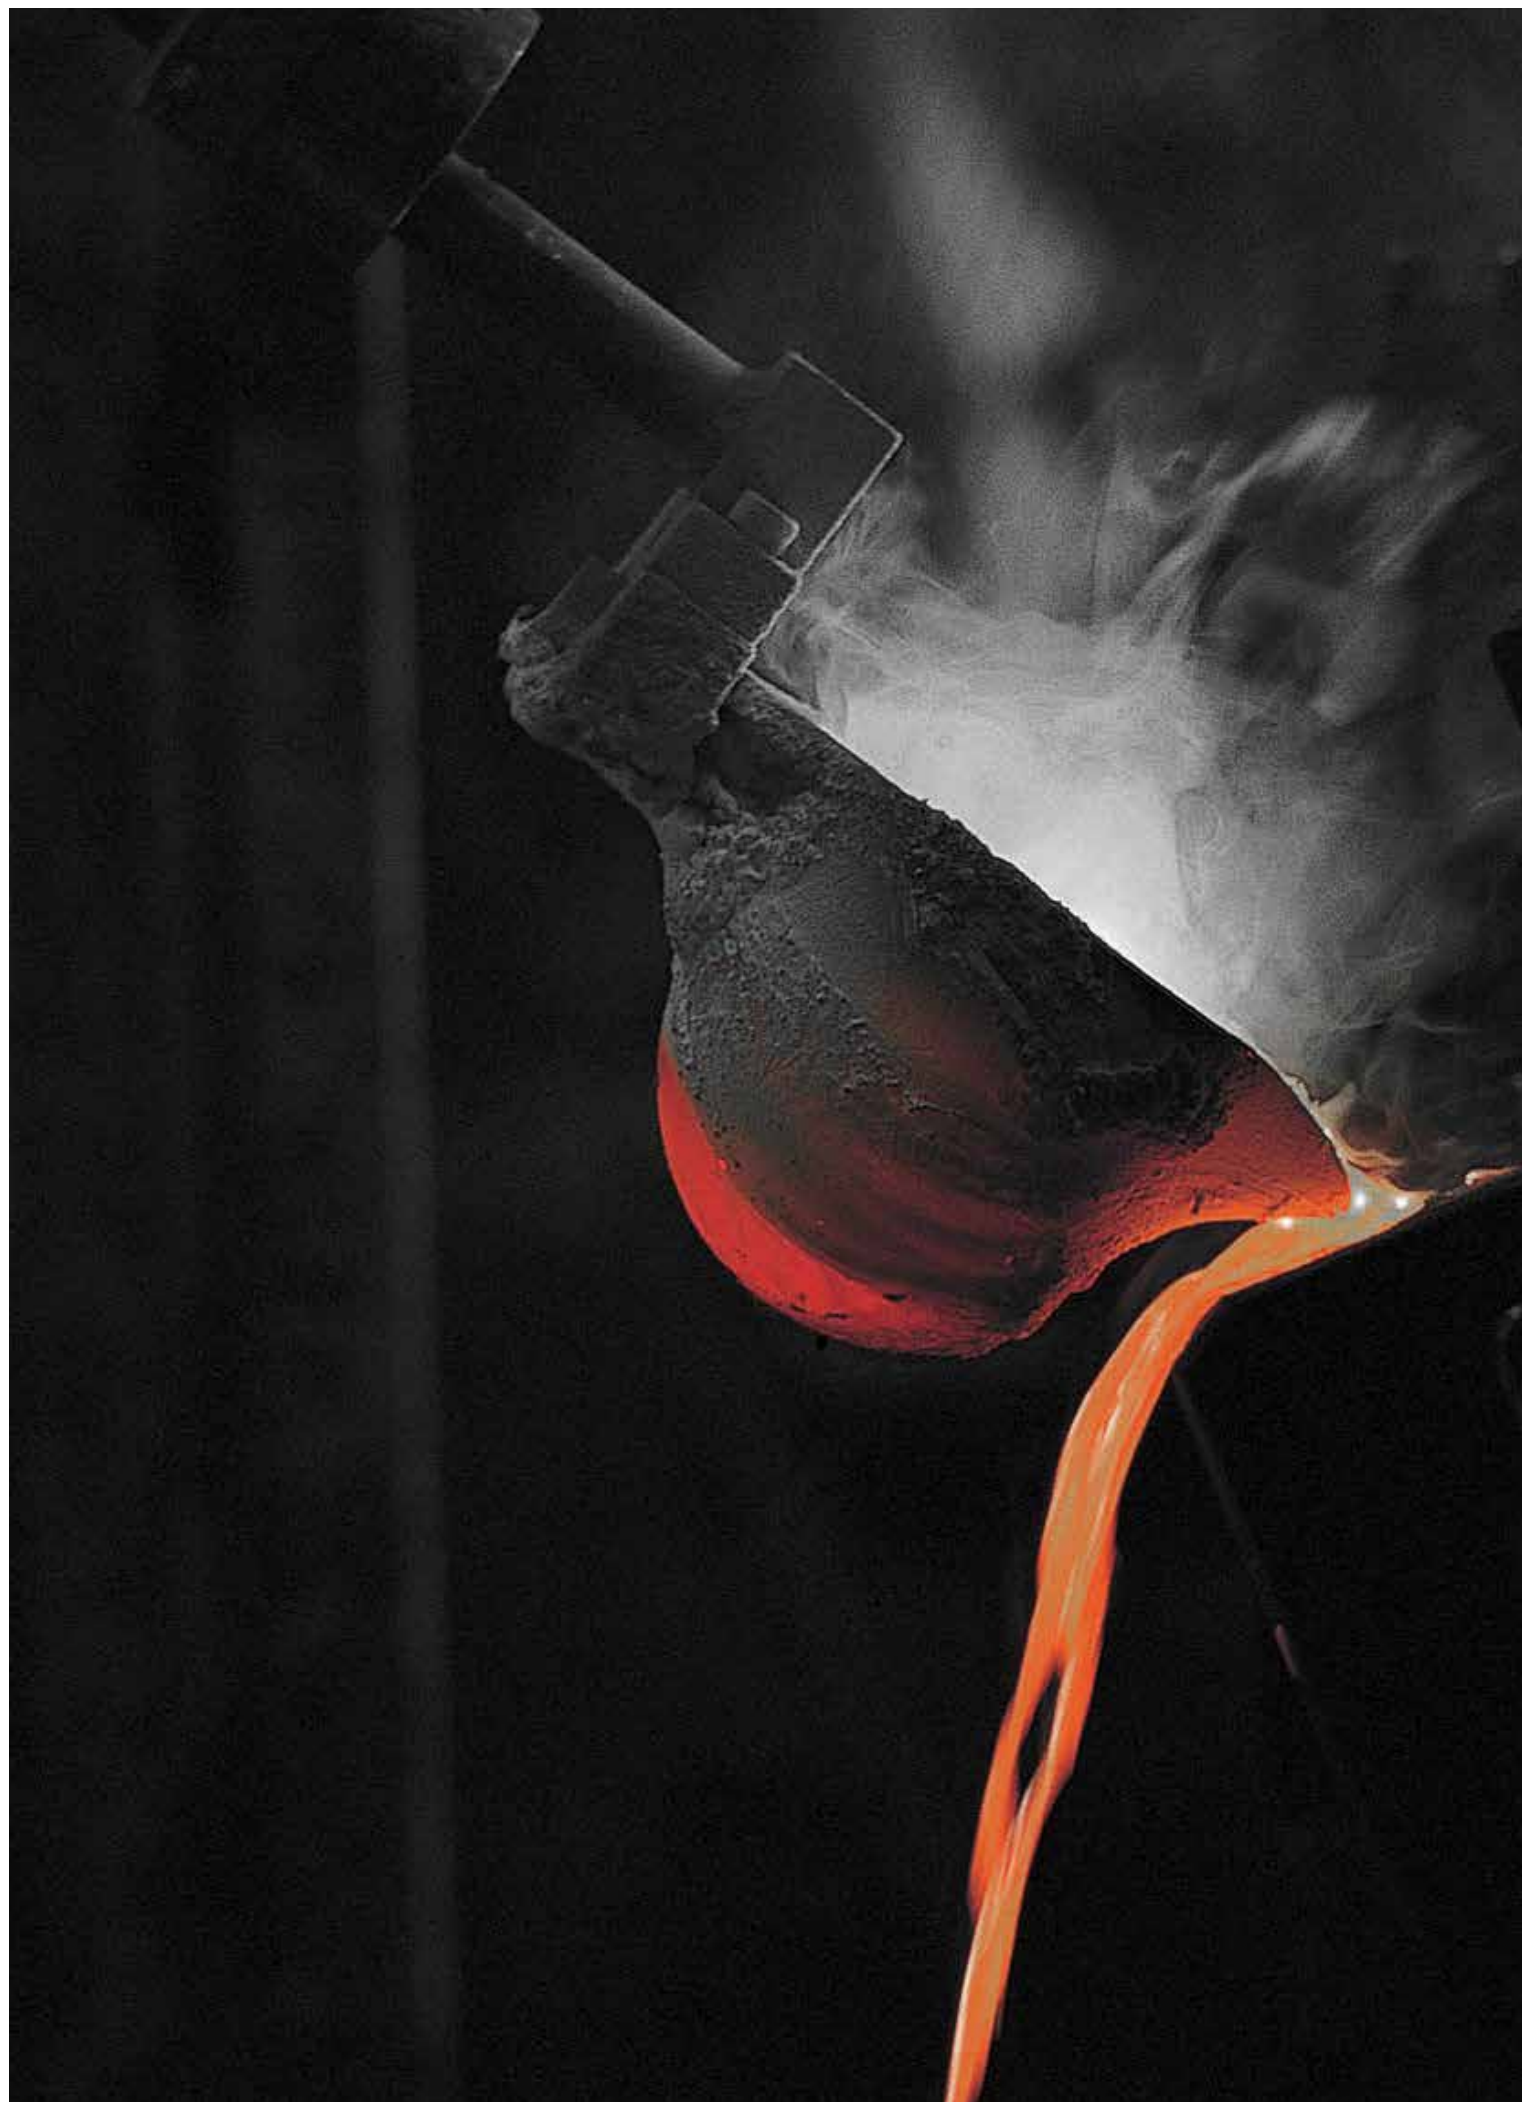

LA STORIA OUR HISTORY

La storia del marchio Teorema parte da lontano: nel 1905 Luigi Bonomi fonda a Lumezzane (BS) la “Metallurgica Bonomi”, un’officina per la lavorazione dei metalli che negli anni della ricostruzione post-bellica si specializza nel settore della rubinetteria. Nel 1970 nasce il marchio Teorema, che diventa in breve tempo un punto di riferimento nel settore grazie a prodotti innovativi quali “Tex”, un miscelatore che segna una vera e propria rivoluzione nel campo della rubinetteria. Da allora Teorema è espressione di una filosofia basata sulla qualità totale, sull’affidabilità e sulla ricerca stilistica. Tutta la gamma di Teorema è accuratamente studiata, progettata e prodotta con l’obiettivo di ottenere il massimo in termini di design, affidabilità tecnica e funzionalità.

The history of the Teorema brand goes back a long way: in 1905 Luigi Bonomi founded “Metallurgica Bonomi” in Lumezzane (BS), a metalworking workshop that in the years of post-war reconstruction specialized in the field of faucets. In 1970 the Teorema brand was born, which quickly became a reference point in the industry thanks to innovative products such as “Tex”, a mixer that marked a real revolution in the field of faucets. Since then Teorema has been an expression of a philosophy based on total quality, reliability and stylistic research. Teorema’s entire range is carefully researched, designed and manufactured with the aim of achieving the ultimate in design, technical reliability and functionality.

Tutte le linee di rubinetti firmati Teorema sono concepite con uno sguardo rivolto verso le tendenze del momento e allo stesso tempo fedele allo stile tradizionale. Il design Teorema non può prescindere dalla sua filosofia eco-oriented, per questo vengono investite ingenti risorse in ricerca e tecnologie in grado di permettere la produzione di rubinetti ricercati e innovativi, nel rispetto di una concezione etica ancora prima che estetica. Grazie alla rubinetteria Teorema e ad alcune delle sue linee più versatili è facile personalizzare gli ambienti di casa conferendogli un tocco di stile unico e contemporaneo.

All of Teorema's signature faucet lines are designed with an eye toward current trends while remaining faithful to traditional style.

Teorema's design cannot disregard its eco-oriented philosophy, which is why significant resources are invested in research and technologies capable of enabling the production of sought-after and innovative faucets, respecting an ethical concept even before the aesthetic one. Thanks to Teorema's faucets and some of its most versatile lines, it is easy to personalize home environments, giving them a unique and contemporary touch of style.

Nello stabilimento di Flero hanno sede la direzione e gli uffici commerciali di WTS SpA, head quarter di Teorema.

Superficie coperta 18000 mq.

Numero dipendenti 80. Via XX Settembre n° 120 - 25020 Flero (BS) (Italy)

In the Flero plant finds its place the head quarter of WTS SpA and Teorema brand. Covered surface 18000 mq.

IMPIANTO FOTOVOLTAICO

PHOTOVOLTAIC SYSTEM

L'azienda dispone di un impianto fotovoltaico della potenza di 198 Kw e con 792 pannelli, che assicura un'elevata autonomia energetica all'azienda ed evita l'emissione di 153.000 chili di CO2 all'anno.

The company has a photovoltaic system with a capacity of 198 Kw and with 792 panels, which ensures high energy autonomy for the company and avoids the emission of 153,000 kilograms of CO2 per year.

FILOSOFIA WATER SAVING

WATER SAVING PHILOSOPHY

I nostri prodotti sono studiati per consentire il massimo risparmio idrico (fino al 40%), preservando però il comfort e l'usabilità, contribuendo quindi a un uso socialmente responsabile ed ecologico delle risorse idriche disponibili.

Our products are designed to allow maximum water savings (up to 40 percent) while preserving comfort and usability, thus contributing to socially responsible and environmentally friendly use of available water resources.

IMPIANTO DI CROMATURA A

SCARICO ZERO

PLATING PLANT WITH ZERO DISCHARGE

Il nostro impianto di cromatura dispone di un sistema di depurazione in grado di purificare le acque reflue, di consentirne il riutilizzo nel ciclo produttivo e di conseguenza evitarne l'emissione nell'ambiente.

Questa tecnologia ha permesso a Teorema di andare in controtendenza ed evitare quindi l'emissione di enormi quantità di acque contaminate da cromo e nichel, altamente dannose dal punto di vista ecologico.

Our chrome plating plant has a purification system capable of purifying wastewater, allowing it to be reused in the production cycle and consequently avoiding its emission into the environment.

This technology has enabled Teorema to go against the trend and thus avoid the emission of huge amounts of water contaminated with chromium and nickel, which are highly ecologically harmful.

PERCHÉ TEOREMA WHY TEOREMA

AERATORI E RIDUTTORI DI PORTATA AERATORS AND FLOW REDUCERS

Teorema fornisce una serie di aeratori che consentono di limitare il flusso dell'acqua in uscita. Questo riduce drasticamente gli sprechi in termini di quantità. I requisiti sono descritti nella norma europea EN246 che definisce le classi di portata a 3 bar di pressione.

Teorema provides a series of aerators that allow the outflow of water to be reduced. This dramatically reduces wastage in terms of quantity. The requirements are described in European standard EN246, which defines flow rate classes at 3 bar pressure.

DOPPIA CROMATURA DOUBLE PLATING

Tutti i rubinetti Teorema sono Double Plate, ovvero sono caratterizzati da una doppia cromatura e doppia nichelatura per garantire una lunga durata.

All Teorema faucets are Double Plate, meaning they feature double chrome and double nickel plating to ensure long life.

INSTALLAZIONE UNIVERSALE UNIVERSAL INSTALLATION

Tutti i rubinetti Teorema sono universalmente installabili in ogni bagno e cucina. Il rubinetto Teorema può quindi sostituire qualsiasi prodotto di altri marchi installati nella vostra abitazione.

All Teorema faucets are universally installable in every bathroom and kitchen. Teorema faucet can therefore replace any product of other brands installed in your home.

MONTAGGIO FACILE EASY TO ASSEMBLE

L'installazione dei prodotti Teorema è facilitata da semplici istruzioni di montaggio incluse nella confezione e dai video tutorial Teorema.

Installation of Teorema products is facilitated by simple assembly instructions included in the package and Teorema video tutorials.

RICAMBISTICA ORIGINALE ORIGINAL SPARE PARTS

Tutti i prodotti sono montati utilizzando solo componenti originali WTS SpA.

All products are assembled using only original WTS SpA components.

TREUNOSEI

TREUNOSEI.

Teorema introduce la prima serie interamente realizzata in **acciaio INOX**.

Un materiale prestigioso, le cui innumerevoli qualità sono da sempre garanzia di prodotti di alta gamma, duraturi ed affidabili.

La serie TREUNOSEI copre una vasta gamma di soluzioni per il bagno, una collezione completa adatta a qualsiasi tipo di esigenza, tanto estetica quanto di praticità e sostenibilità.

*Teorema introduces its first series made entirely from **stainless steel**.*

A prestigious material whose countless qualities have always resulted in high-end, durable and reliable products.

The TREUNOSEI series covers a wide range of bathroom solutions; a complete collection tailored to cater to any need, from aesthetics to functionality and sustainability.

NEW

Molte vite, lo stesso acciaio

L'acciaio INOX della serie TREUNOSEI è un materiale 100% riciclabile.

La sua composizione lo rende un materiale che può essere riciclato e riutilizzato senza che ciò comporti una perdita di qualità del materiale stesso. Un prodotto al passo con i tempi, che pone la giusta attenzione verso le tematiche di ecosostenibilità e attenzione all'ambiente.

Many lives, the same steel

The stainless steel in the TREUNOSEI series is 100% recyclable .

Its composition makes it so that it can be recycled and reused without any quality loss. It's a product that fits the needs and expectations of our generation, in line with sustainability and environmentally-friendly themes.

La pulizia, non solo nelle forme

L'acciaio INOX possiede delle caratteristiche che lo rendono un materiale estremamente igienico. Infatti, la composizione della sua superficie priva di porosità impedisce l'accumulo dei batteri.

Cleanliness, not only in shapes

Stainless steel possesses characteristics that makes it an extremely hygienic material. In fact, the non-porous nature of its surface prevents the accumulation of bacteria.

Una sottile metamorfosi

L'acciaio INOX è un materiale che, grazie alla sua composizione, riflette la luce adattandosi all'ambiente circostante, risultando sempre in armonia con le tonalità dello spazio in cui è inserito.

A subtle metamorphosis

Due to its composition, stainless steel is a light reflective material that, adapts to its surroundings, always in harmony with the shades of the space in which it is placed.

Il vero relax nella tua doccia

TREUNOSEI trova la sua massima espressione in tutti i prodotti per la doccia.

Un'ampia gamma di soluzioni che, grazie ad un materiale che resiste perfettamente all'usura degli agenti esterni come l'acqua, rappresentano una garanzia di efficienza e di estetica duratura nel tempo.

Facile da pulire, richiede la minima manutenzione grazie al suo elevato coefficiente igienico, che lo rende un materiale ineccepibile.

True relax in your shower

TREUNOSEI finds its maximum expression in all of its shower products.

A wide range of solutions that, thanks to a material that is perfectly resistant to the wear and tear of external agents such as water, translate into a guarantee of efficiency and long-lasting aesthetics.

Easy to clean, it requires minimal maintenance thanks to its high hygienic coefficient, making it an impeccable material.

Passa il tempo, ma non la qualità

Grazie alla sua particolare composizione materica, l'acciaio INOX non è soggetto alle ossidazioni e alle corrosioni. Questo grazie ad un procedimento naturale che crea una microscopica "patina" protettiva sulle superfici, sufficiente ad impedire l'aggressione dell'ossigeno e degli agenti chimici.

Time goes by, but quality stays the same

Thanks to its special material composition, stainless steel is not prone to oxidation and corrosion. This is thanks to a natural process that creates a microscopic protective "coating" on surfaces, sufficient to prevent the impact of oxygen and chemical agents.

Sempre con te, anche all'esterno

La gamma di TREUNOSEI comprende anche due novità assolute per una serie Teorema. Le due colonne doccia da esterno sono il tocco finale per un range di prodotti completo, che soddisfa tutte le esigenze anche per gli spazi esterni. L' acciaio INOX di alta qualità (316) consente di godere di questi prodotti con la massima sicurezza in termini di resistenza agli agenti atmosferici, facilità di pulizia e mantenimento della qualità estetica. Un prodotto per sempre, **un prodotto Teorema.**

Always with you, even outdoors

TREUNOSEI's range also includes two brand new additions to a Teorema series. The two outdoor shower columns are the final touch to a complete product range that meets all needs, even for outdoor spaces.

*High-quality stainless steel (316) allows these products to benefit from a high level of confidence in terms of weather resistance, ease of cleaning, and maintenance of aesthetic quality. An evergreen product, **a Teorema product.***

CONDIZIONI GENERALI DI VENDITA

1) Con l'accettazione dell'ordine il cliente acconsente pienamente e tacitamente a tutte le nostre condizioni di vendita e di consegna sottostanti.

2) I prezzi si intendono per merce resa franco nostro stabilimento di Flero. I prezzi dei nostri listini sono soggetti a variazioni e non sono impegnativi. Ogni ordine comunque conferito potrà essere ritenuto valido solo se da noi accettato mediante conferma d'ordine.

3) I termini di pagamento specificati in fattura si intendono tassativi: ogni variazione, che non sia stata preventivamente ed espressamente pattuita, verrà respinta. Sono liberatori solo i pagamenti delle fatture eseguiti al nostro domicilio in Flero, salvo accordi speciali di pagamenti a termine.

Il ritardato pagamento delle forniture darà luogo all'addebito degli interessi bancari. Al verificarsi di pagamenti non eseguiti nei termini convenuti è nostra facoltà sospendere le consegne e gli eventuali ordini già accettati. Si precisa che nessun pagamento potrà essere differito in caso di contestazione. Eventuali aggiunte o modifiche effettuate dal cliente su ordini da lui trasmessi saranno prive di validità se non comunicate in forma scritta.

4) I tempi di consegna si intendono indicativi e non impegnativi essendo essi vincolati alle possibilità del momento. La mancata osservanza da parte nostra dei termini di consegna indicati, non dà diritto al cliente di annullare l'ordine, differire pagamenti o reclamare indennizzi, compensi, penali o danni di sorta. Quanto sopra vale anche nei casi in cui la mancata osservanza dei termini di consegna è conseguente a carenza di materie prime, avarie del macchinario, scioperi, serrate, epidemia, interruzione o ritardi nei trasporti.

5) Imballaggio: gli imballi vengono fatturati al costo e non se ne accetta la restituzione; WTS S.p.A. declina comunque ogni responsabilità.

6) La merce viaggia a rischio e pericolo del committente, anche se la spedizione è effettuata in porto franco, l'Azienda declina ogni responsabilità per ritardi, guasti, avarie, rotture, ammanchi che si verificassero durante il trasporto. Spetta al committente presentare eventuali reclami al trasportatore, anche se questi è stato scelto da WTS S.p.A., possibilmente con dichiarazione di immediata contestazione. WTS S.p.A. si riserva la facoltà di addebitare al cliente gli oneri aggiuntivi al puro costo del trasporto (es. soste, operazioni di scarico particolari, ecc.) eventualmente corrisposti al vettore.

7) Tutti i nostri articoli sono accuratamente provati e controllati. La nostra responsabilità sulla qualità del materiale si limita, previa nostra autorizzazione, ad accettare il reso, in porto franco, di pezzi riscontrati difettosi per disporre la sostituzione, senza essere tenuti a corrispondere alcun indennizzo.

Non possiamo inoltre accettare alcuna responsabilità ove i materiali da noi forniti risultassero manomessi. Si esclude qualsiasi tipo di risarcimento per danni diretti o indiretti causati dalla posa in opera di materiale difettoso. È fatto assoluto divieto agli acquirenti di effettuare qualsiasi lavorazione ulteriore sui prodotti di nostra produzione. Non riceveremo merce in restituzione se non sarà da noi autorizzata.

8) Le illustrazioni dei nostri cataloghi e deplianti hanno lo scopo di dimostrare e rappresentare i singoli articoli e non costituiscono quindi obbligo di fedele esecuzione. I dettagli, le misure ed i pesi indicati sono da considerarsi approssimativi. Pertanto non ci assumiamo alcuna responsabilità in ordine a quanto sopra e conseguentemente non riconosceremo richieste per danni di qualsiasi specie.

WTS S.p.A. si riserva il diritto, in qualsiasi momento di modificare le caratteristiche tecniche dei prodotti, nonché modificare e/o eliminare modelli. Il presente catalogo annulla e sostituisce tutti i precedenti.

9) Per qualsiasi contestazione è sempre solo competente il Foro di Brescia, anche se gli ordini siano stati rimessi altrove. Non hanno alcun valore e non vengono da noi riconosciute, dichiarazioni impegnative o garanzie di sorta assunte dai nostri dipendenti, agenti o rappresentanti, che non risultano dalle presenti condizioni generali di vendita o da atti ufficialmente sottoscritti dalla Società.

10) Riserva di proprietà.

La merce consegnata rimane di riservato dominio di WTS S.p.A. fino all'avvenuto pagamento.

AVVERTENZE PER LA CURA DEL PRODOTTO

Finitura Cromata

Qualora il prodotto presentasse calcare o aloni, si suggerisce di utilizzare prodotti naturali (come per esempio una soluzione di acqua e aceto, in proporzione di circa 3:1), trattando le superfici con un panno di cotone morbido. In alternativa, si può optare per detergenti delicati a base di acido citrico. Risciacquare poi con acqua e asciugare con cura.

Finiture Speciali

Per la pulizia di tutte le finiture speciali diverse dal cromato, deve essere utilizzato unicamente un panno morbido imbevuto solo di acqua corrente, o in alternativa con un detergente molto delicato (PH neutro). Da evitare l'utilizzo di detergenti abrasivi o contenenti alcool.

Attenzione!

L'impiego di prodotti non consigliati può deteriorare irrimediabilmente le superfici dei rubinetti.

Decalcificazione - I depositi di calcare e di sporco nei filtri degli aeratori possono essere rimossi smontando l'aeratore ed immergendolo in aceto diluito. Lasciare in ammollo per qualche ora, lavare con acqua e sapone, infine risciacquare.

Ricambi - Si raccomanda di utilizzare esclusivamente ricambi originali WTS S.p.A. disponibili presso i rivenditori autorizzati.

GARANZIA:

I prodotti Teorema, rigorosamente collaudati e provati prima di essere posti in vendita, a partire dalla data di acquisto del primo acquirente, sono garantiti da difetti di fabbricazione per un periodo di:

- 1) 10 (dieci) anni, per le finiture cromate e INOX;
- 2) 2 (due) anni per tutte le altre finiture;
- 3) 2 (due) anni per cartucce, vitoni, deviatori ed altri componenti sensibili all'usura.

La garanzia include:

- 1) Difetti di fusione. Difetti di porosità. Difetti di cromatura.

- 2) La riparazione o la sostituzione del pezzo riscontrato difettoso dopo verifica dei nostri tecnici e dietro presentazione del tagliando di controllo, a comprova della data di acquisto.

La garanzia decade nel caso si riscontrino:

- 1) Deterioramento delle superfici cromate dovuto all'uso di prodotti per la pulizia contenenti acidi o sostanze abrasive.
- 2) Deterioramento delle superfici con finiture diverse da quelle cromate. La loro durata è infatti subordinata alla cura ed alla delicatezza d'uso da parte dell'utente.
- 3) Deterioramento della rubinetteria imputabile ad installazione effettuata in modo non corretto.
- 4) Utilizzo della rubinetteria in modo non corretto.
- 5) Riparazioni e manutenzioni effettuate in modo non idoneo e senza preventiva autorizzazione dell'Azienda.

La garanzia non include:

- 1) Le spese di manodopera per la sostituzione dei pezzi difettosi, né richieste di risarcimenti per danni diretti od indiretti subiti od insorti.

La garanzia WTS non è rinnovabile.

GENERAL TERMS AND CONDITIONS OF SALE

1) Accepting the order, the customer fully and tacitly accepts our conditions of sale and of delivery mentioned hereunder.

2) Our prices are intended ex factory. The prices shown in our pricelists are subject to change and are not binding. All orders are considered virtual only after our written order confirmation.

3) The terms of payment specified in the invoice are peremptory: under no circumstances modifications on the term of payment, that have not been previously agreed; will be accepted. Only the payments transferred to our domicile in Flero are considered cleared, except for special agreements. All delayed payments will be subject to the charge of bank interests. In case payments should not be made on time and within the agreed terms, it is up to us to interrupt the deliveries and further outstanding orders.

No payments can be postponed due to eventual disputes.

Supplements to orders or modifications made by the purchaser will be accepted only upon written confirmation.

4) The delivery time is approximate and not binding, being dependent on the possibilities of the moment. The non-observance of the delivery time gives no right to the purchaser to cancel the order, postpone the payment or claim for damages, compensations or penalties. What mentioned above is also to be applied to the lack of raw materials, failure in the machinery and equipment, strikes, lockouts, fires, work stoppage and delays during transport.

5) Packaging: packagings are invoiced according to the costs and returns are not accepted. In no case WTS S.p.A. accepts liability for the packaging.

6) Goods are always sent at owner's risk, also when free delivered, and in no case WTS S.p.A. accepts liability for delays, damages, breakdowns shortages arisen during the transport. It is up to the customer to forward eventual claims to the forwarder (possibly with a statement of immediate dispute), also if the forwarder has been chosen by the supplier.

WTS S.p.A. reserves the right to charge the purchaser with all additional costs to the bare transport costs (e.g. demurrages, loading and unloading operations) eventually paid to the carrier.

7) All our products are carefully tested. Our liability for the quality of the products is restrained to the acceptance of the return, free delivered, upon our previous authorization, of the faulty pieces in order to replace them. WTS S.p.A. does not have to recognize any compensation.

WTS S.p.A. does not assume liability for products, that have been wrongly handled, no claims will be accepted due to improper installation of faulty material.

It is absolutely forbidden to the purchaser to proceed with further working processes on our products.

8) Explanations and pictures that appear in our catalogue and brochures have the purpose to show the single products and therefore our production is not intended to comply faithfully to what described. Details, sizes, and weights are approximate.

We do not assume any liability for what mentioned above and consequently we will not recognize any kind of damage claims. WTS S.p.A. reserves the right to change the technical features of its products and to modify or to put them out of production at any time. This catalogue cancels and replaces all the previous ones.

9) Any dispute falls only within the cognizance of the Brescia lawcourt, also in case that the order has been placed elsewhere.

Statements, warranties of any kind undertaken from our employees, agents, representatives, who are not present in these conditions of sale or in official acts of the Company do not have any value.

10) Property reserve.

WTS S.p.A. remains owner of the goods delivered until the receipt of the payment.

APPROPRIATE WARNING ON PRODUCTS MANTAINANCE

Chrome finish

In case the product shows limescale or stains, it is suggested to use natural products (such as a solution of water and vinegar, in a proportion of about 3:1), treating the surfaces with a soft cotton cloth. Alternatively, you can opt for mild detergents based on citric acid. Then rinse with water and dry thoroughly.

Special Finishes

For cleaning all special finishes other than chrome, it's suggested to use a soft cloth soaked only in plain water, or alternatively with a very mild detergent (PH neutral). The use of abrasive or alcohol-containing cleaners should be avoided.

Caution!

Use of non-recommended products can irreparably deteriorate faucet surfaces.

Descaling - Scale and dirt deposits in aerator filters can be removed by disassembling the aerator and soaking it in diluted vinegar. Allow it to soak for a few hours, wash with soap and water, then rinse.

Spare parts - It is recommended to use only original WTS S.p.A. spare parts available from authorized dealers.

WARRANTY:

Teorema products, rigorously tested and tried before being offered for sale, are guaranteed (from the date of purchase by the first buyer), against manufacturing defects for a period of:

- 1) 10 (ten) years for the chrome finish and for INOX;
- 2) 2 (two) years for all the other finishes;
- 3) 2 (two) years on cartridges and spindles.

This warranty includes:

- 1) Casting defects. Porosity defects. Chrome plating defects.
- 2) The repair and replacement of the defective part after the tests of our technical department und upon presentation of the purchase proof, as evidence of the date of purchase.

This warranty is no longer valid in the following cases:

- 1) Damage to the chrome finish caused by the use of cleaning products containing acids or abrasive substances.
- 2) Damage to finishes, other than chrome. The durability depends, in fact, on the care of the maintenance from the end user's side.
- 3) Damage to the faucet caused by impropere installation.
- 4) Damage to the faucet caused by improper repairs and maintenance and without previous authorization of the Factory.

This warranty does not include

- 1) Labour charges for the removal and replacemete of defective parts and claims for direct or indirect, suffered or arisen damages.

The warranty of WTS S.p.A. can not be renewed.
