AZIENDA | COMPANY

Fondata nel 1992 la Italmix s.r.l è da sempre conosciuta per lo stile e l'alta qualità dei propri prodotti. Azienda dinamica forte di una giovane Direzione con collaboratori esperti e motivati ha creato una adeguata struttura che rispondesse alle necessità di produzione. La continua evoluzione ha portato la nostra azienda a controllare e gestire attentamente il completo ciclo di produzione portando l'intera produzione ai massimi livelli qualitativi utilizzando materiali e componenti di alta qualità e moderne tecnologie di produzione. Una rigorosa verifica di ogni singolo processo produttivo assicura che tutta la produzione mantenga gli elevati standard qualitativi imposti creando un prodotto altamente affidabile, rispettoso delle normative di riferimento, di assoluto livello qualitativo e con un occhio di riguardo all'impatto ecologico. La progettazione utilizza sistemi CAD per progettare ogni singolo componente di rubinetto da noi prodotto. Il personale tecnico interno collabora con designer esterni curando fin dall'idea iniziale ogni articolo. L'alta precisione meccanica definita in progettazione permette assemblaggi perfetti ed alta affidabilità nel tempo. Fornitori esterni selezionati realizzano componenti e lavorazioni seguendo le nostre severe specifiche tecniche. Il reparto di torneria effettua le lavorazioni meccaniche di alta precisione utilizzando macchinari altamente avanzati che permettono di mantenere tolleranze centesimali ed eseguire complesse lavorazioni a controllo numerico. Le operazioni di finitura superficiale della nostra rubinetteria prevedono smerigliatura, lucidatura, ravnatura e molti trattamenti affidati a personale altamente qualificato e di comprovata esperienza. Le finiture realizzate (cromature, dorature e finiture anticate anche in versione satinata, ecc.) coprono qualsiasi esigenza della ns.

Since the foundation in 1992 Italmix s.r.l. has been always recognized thanks to the style and high quality level of the products. Dynamic Company directed by the young owners and expert managers, built the right structure dedicated to the needs of production. Continuous evolution driven our Firm to control and manage the complete cycle of production carrying all our products to the top level of quality using raw materials and components of the highest quality level available on the Market. Rigorous checking to each productive process keep high level of the standards imposed by our parameters creating highly reliable products, governed by International rules and with respect to the ecological impact. Our technical dept. uses CAD software to study each single component of our faucets. Tightened cooperation between designers and our technical dept. care each products since the draft. External selected suppliers produces components and workings following our rigid technical specification. High precision mechanical working made by advanced machineries permit to produce special aesthetical shapes when required by new trends. Many steps and phases are used to complete finishing of the surfaces on our faucets. Expert people supervising each phase. Our final surfaces treatment, made following the main European rules, cover all needs of our Clients and can guarantee the best hardness. Automatic assembly and testing on 100% of our production means perfect functioning and total absence of defects on surfaces. Maximum care in packaging and delivery will permit to our products to reach you in perfect way! Italmix is using just prime raw material made following European

Cientela e sono realizzate esclusivamente secondo le normative europee donando ad ogni articolo una maggiore resistenza all'usura garantita nel tempo. Italmix utilizza soltanto materie prime di alta qualità e realizzate secondo le normative di riferimento, le trasforma in fonderie italiane che utilizzano le più adeguate tipologie ed ottiene prodotti ancora grezzi realizzati su specifica tecnica e con l'uso di proprie attrezzature tecnologiche. Le lavorazioni meccaniche eseguite sulla rubinetteria e relativa componentistica sono eseguite con estrema cura da impianti di ultima generazione per realizzare dettagli di assoluta precisione. La pulitura (macchina pulitura) realizzata automaticamente e manualmente (per le rifiniture) porta alla definitiva forma di ogni componente della rubinetteria.

La cromatura realizzata a spessore secondo le normative europee, dà ai nostri articoli la lucentezza e la brillantezza che contraddistingue i nostri prodotti. Altre finiture sono realizzate galvanicamente o attraverso impianti di verniciatura semiautomatici per una migliore finitura.

L'assemblaggio e le prove di tenuta vengono realizzate ad aria con macchine automatiche che eseguono anche le prove di tenuta delle camere interne dei miscelatori. Le verifiche di ogni fase di produzione ed il controllo finale portano, solo se positivo, al confezionamento di ogni singolo articolo (e alla preparazione della spedizione), per raggiungervi nella loro forma migliore!

È appena iniziata una nuova era, per la nostra Azienda. Una brillante generazione di nuovi proprietari alla guida di Italmix con un chiaro obiettivo: servire al meglio la nostra tradizionale ed affezionata clientela, soddisfare le sempre più stringenti necessità dei mercati, fidelizzare i nuovi Clienti attraverso l'affidabilità e l'estrema cura che mettiamo da sempre nei i nostri prodotti.

Personale altamente esperto in ogni reparto, decennale esperienza maturata sui mercati internazionali, innovazione e passione. Sempre. Questi gli ingredienti della nostra semplice ricetta.

rules and regulations, transformed by Italian companies specialised into die-casting that use only latest technologies to have raw components following our strict technical requirements. Mechanical works on our faucets and all components are made with extreme care having high definition details.

Polishing processes are done by automatic machineries and manually to reach definitive shape. Thickness of chrome plating is realised to match European Standards and gives to our products a particular brightness well recognized. Other painted finishes or galvanic treatments are available too.

Assembly and air tested by automatic computerised machines are testing each separated chamber inside the taps to grant a perfect held. Just in case of positive tests and final approval each single item is packaged and delivered. To reach you in the best shape!

A new era just begun in ITALMIX. A brilliant generation of new owners drives our Company to clear targets to reach: serve at best our loving Clients, satisfy more and better the always-harder needs of the markets, build loyalty to our new Clients with reliability and great care of our products that we always have.

Expert people in every dept of production, several years of experiences on international markets, innovation and passion. Always. These are the elements of our simple formula.

“Una nuova generazione alla guida di Italmix, unendo innovazione e tradizione per rispondere alle crescenti sfide del mercato globale. A new generation leading Italmix, combining innovation and tradition to meet the growing challenges of the global market.”

GARANZIA | WARRANTY

Abbiamo il piacere di informarvi che tutta la rubinetteria ITALMIX è garantita ben 10 ANNI!

We are pleased to inform you that all our mixers are guaranteed 10 YEARS!

PRODOTTO IN ITALIA | MADE IN ITALY

MISCELATORI ORGOGLIOSAMENTE PRODOTTI IN ITALIA, CON AMORE

MIXERS PROUDLY HAND-CRAFTED IN ITALY, WITH LOVE

RISPARMIO ENERGETICO | ENERGY SAVING

CARTUCCE A DISCHI CERAMICI

Italmix utilizza solo queste cartucce a dischi ceramici in versione dotata di regolazione di portata e settaggio temperatura. Questa soluzione, STANDARD per ogni nostro miscelatore, vi permetterà notevoli vantaggi di risparmio energetico in modo assolutamente gratuito! Eccovi le spiegazioni delle regolazioni da effettuare.

REGOLAZIONE DELL'ANELLO LIMITATORE DI TEMPERATURA

- L'anello del limitatore di temperatura si trova posizione neutrale (centrale).
- Può essere posizionato diversamente per risparmio energetico e/o di sicurezza (evitando scottature)

La regolazione dell'anello avviene nel modo seguente:

1. Sfilare toglie l'anello dalla cartuccia.
2. Girarlo in senso orario fino alla posizione desiderata.
3. Calzarlo nuovamente sulla cartuccia.

La portata massima dell'acqua uscente può essere regolata con la vite di regolazione che si trova nella leva della cartuccia.

CERAMICS DISCS CARTRIDGES

Italmix offer own mixers using special ceramic discs cartridges with flow and temperature setting system only.

This STANDARD solution permit to save water and energy absolutely free! Here you find explanation how to set the system.

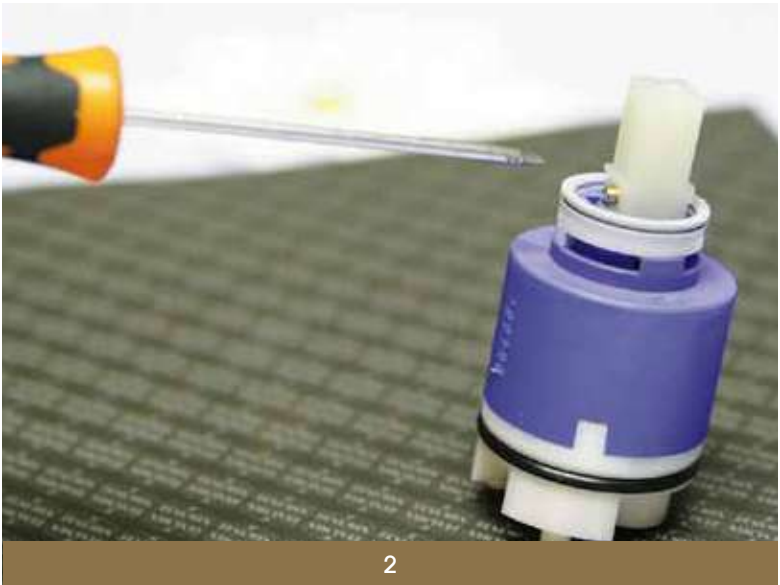

ADJUSTMENT OF THE HOT LIMIT RING

- Temperature ring is originally set in a "neutral" position.
- The ring can be set in a different position to obtain energy saving and safety at same time

How to set it:

1. Remove the ring from the cartridge.
2. Turn right the ring until desired position.
3. Put on the ring on the cartridge

Maximum water flow rate can be adjusted by scew on the cartridge stem.

REGOLAZIONE DELLA PORTATA

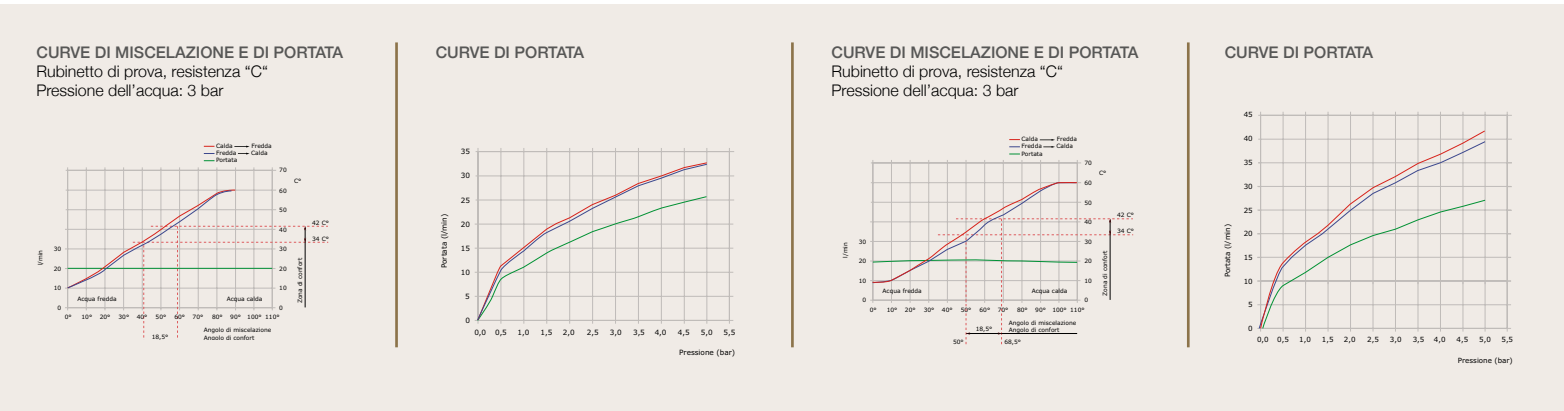

Ogni nostro miscelatore offre DI SERIE il sistema di regolazione portata. Questo permette di regolare la quantità massima di acqua che può essere erogata. Questa operazione è facilmente eseguibile in qualsiasi momento basta rimuovere la leva ed agire sulla vite di regolazione posizionata sull'asta della cartuccia (non si deve assolutamente rimuovere la cartuccia dal rubinetto !!). La fotografia n°1 mostra la vite sul retro dell'asta. Svitandola con un semplice cacciavite a taglio (foto 2) essa fuoriesce ed agirà come limitatore (foto 3). Scegliere voi stessi la quantità d'acqua massima che dovrà uscire dal vostro rubinetto.

WATER FLOW:

Each our mixers offering the STANDARD system for flow regulation. This will permit to regulate maximum water flow. This operation can be done simply whenever you prefer removing the handle of the mixer and work on the screw (do not remove cartridge from the mixer!!). Picture n°1 is showing the screw. Use a screwdriver on it (photo 2). This screw will work as limiter (photo 3). Choose by yourself maximum water flow must comes out from your faucet!

CONDIZIONI GENERALI DI VENDITA E GARANZIA

- Il presente listino annulla e sostituisce tutti i precedenti e quotazioni specifiche, salvo diversa comunicazione scritta da parte della ns Azienda. I prezzi s'intendono I.V.A. esclusa, per merce franco ns. stabilimento ed imballo al costo.
- L'invio da parte del Cliente di un ordine alla ns. Società comporta l'applicazione delle presenti condizioni generali di vendita. La ns. Società si riserva il diritto di accettare o rifiutare l'ordine ricevuto.
- Le ordinazioni si intendono valide se comunicate per iscritto direttamente o tramite Agenti di vendita della ns. Società. Gli ordini, anche se conclusi da Agenti o Rappresentanti della ns. Società, non potranno essere considerati definitivi se non dopo regolare conferma d'ordine -scritta- della stessa. Trascorsi due giorni lavorativi dalla data della conferma da parte della ns. Società senza che sia pervenuta rettifica da parte del Cliente, la fornitura sarà effettuata alle condizioni specificate nella medesima. Richieste di annullamento dell'ordine, anche parziale, non possono essere accettate se la produzione dei beni che ne costituiscono l'oggetto l'approvvigionamento dei materiali sono già in corso. Per prodotti fuori catalogo sono ammesse forniture parziali o con variazioni del 10% in più o in meno delle quantità ordinate. Non saranno accettati ordini per un valore merce inferiore a 150€.
- Eventuali eccezioni dovranno essere concordate con il nostro Ufficio Commerciale.
- I termini di consegna indicati sulle nostre conferme d'ordine si intendono approssimativi e non impegnativi. La mancata osservanza da parte nostra dei termini di consegna indicati non dà diritto al Cliente di annullare l'ordine, differire i pagamenti o reclamizzare indennizzi, compensi, penali o danni di sorta. Le forniture possono avvenire anche in più consegne.
- Pur seguendo le istruzioni del Cliente è facoltà della ns. Società scegliere il mezzo di trasporto più idoneo e disponibile al momento. La verifica della merce deve essere eseguita dal Cliente contestualmente alla consegna ed ogni reclamo in merito sarà preso in considerazione solo se fatto a mezzo lettera raccomandata, pec fax o e-mail entro 8 gg. dalla data di ricevimento della merce.
- Sono validi e liberatori solamente i pagamenti eseguiti direttamente presso la ns. sede nei termini pattuiti, salvo accordi speciali di pagamenti a termine. In caso di ritardato pagamento ci riteremo autorizzati ad addebitare gli interessi al tasso bancario corrente. Detti interessi decorreranno dal giorno successivo alla scadenza. Rimane ns. facoltà emettere tratte a vista a copertura delle fatture non pagate. Saranno a carico del Cliente tutte le spese relative. Ci riserviamo infine di sospendere le consegne od annullare ordini già accettati qualora i pagamenti non siano effettuati nei termini convenuti. Gli agenti ed i rappresentanti non sono autorizzati a riscuotere crediti salvo esplicita autorizzazione scritta della ns. Società.
- Tutti i ns. prodotti sono controllati prima di essere posti in vendita.
- La ns. Società ha facoltà di consegnare all'acquirente materiali e prodotti a fine promozionale senza attribuire a tali oggetti la funzione di campione, ai sensi e per gli effetti dell'art. 1522 del Codice Civile.
- La ns. Società garantisce la conformità del prodotto fornito; con il termine di conformità del prodotto si intende la corrispondenza dello stesso che è esente da vizi che potrebbero impedirne il funzionamento e l'uso cui è destinato. La garanzia, a partire dalla data di acquisto del primo acquirente (fa riferimento alla data della fattura di vendita) e non è rinnovabile, ha durata di:
 - 10 anni sulla rubinetteria meccanica (miscelatori, a vitoni, temporizzata a pulsante)
 - 2 anni sulla rubinetteria termostatica ed elettronica, sistemi doccia, saliscendi e soffioni, raccordi e flessibili, rubinetteria sottolavabo o filtro, o-ring e guarnizioni.

Ha validità per:

- Difetti di fusione o porosità.
 - Difetti di cromatura (solo se non dovuti a urti, abrasivi, detersivi ed acidi utilizzati per la pulizia che, invece, deve avvenire solo con acqua e sapone neutro o alcool ed un panno morbido.
 - Difetti delle cartucce (previa verifica della qualità dell'acqua utilizzata che non presenti residui ed impurità di qualsiasi natura).
- La garanzia ha durata di 2 anni per gli O-rings, le guarnizioni, le doccette, colonne doccia e soffioni. 10) La garanzia decade se:
- non sono installati opportuni rubinetti filtro sottolavabo
 - in caso di errata installazione
 - errato uso cui gli articoli sono destinati
 - per riparazioni effettuate in maniera non idonea e senza preventiva autorizzazione scritta della ns. Società
- La garanzia si limita alla sola riparazione o sostituzione del prodotto pervenuto presso il nostro stabilimento in porto franco senza altri indennizzi per spese, danni e riparazioni. Il materiale risultato difettoso verrà sostituito solo nel caso in cui le seguenti condizioni siano soddisfatte:
 - Sia stata chiesta la preventiva autorizzazione a rendere il materiale al ns. ufficio vendite e da questo approvata.
 - Sia specificata la motivazione del reso.
 - Che il materiale sia adeguatamente protetto nel relativo imballo originale al fine di evitare danneggiamenti durante il trasporto.
 - Che il materiale sia accompagnato da regolare bolla di reso riportante il codice/articolo e finitura con tutti i dati relativi alla bolla di consegna.
 - La garanzia non comprende:
 - Le parti di prodotto (od articoli) che per loro natura soggette ad usura rapida e continua - Trattamenti superficiali diversi dalla cromatura (la loro durata, infatti, è subordinata alla cura e delicatezza d'uso da parte dell'utente).
 - Le illustrazioni di ns. cataloghi, depliant, brochure e sito web, hanno il solo scopo di dimostrare e rappresentare i singoli articoli e non costituiscono obbligo di fedele riproduzione; dimensioni, pesi e misure non sono vincolanti. Inoltre la ns. Società si riserva il diritto di apportare in qualsiasi momento tutte le modifiche che ritiene indispensabili al fine di migliorare la produzione senza alcun obbligo di preavviso.
 - La merce consegnata rimane di ns. proprietà sino al completo pagamento.
 - Per tutto ciò non previsto dalle presenti condizioni di vendita si fa riferimento alle norme del Codice Civile Italiano. Per ogni controversia che possa derivare sarà esclusivamente competente il Foro di Novara.
 - LIMITAZIONI DELLA RESPONSABILITÀ CIVILE La responsabilità civile della ns. Società è circoscritta agli impegni contrattuali risultanti dalle presenti Condizioni Generali di Vendita. È esclusa ogni responsabilità per danni diretti, indiretti o conseguenti. In particolare, la ns. Società non sarà responsabile:
 - dei danni causati dai suoi prodotti dopo la consegna e mentre gli stessi sono in possesso del Cliente - dei danni ai prodotti cagionati dal Cliente, o a prodotti dei quali i prodotti del Cliente formano parte - delle conseguenze pregiudizievoli sulla produzione o sulle vendite del Cliente che potessero essere ricondotte a problematiche inerenti vizi dei nostri prodotti. La Ditta Fornitrice non potrà essere ritenuta in alcun modo responsabile nei confronti del Cliente in caso di mancato guadagno, perdite di clientela o di contratti e di qualunque altra perdita consequenziale che la stessa avesse o sostenesse di aver subito.
 - TRATTAMENTO DATI PERSONALI I dati personali forniti dal Cliente potranno essere oggetto di trattamenti informatici o cartacei per l'assolvimento degli obblighi contrattuali e di legge, da parte della ns. Società. La nostra informativa privacy ai sensi del Regolamento Europeo 679/2016 è disponibile presso l'indirizzo www.italmix.com/privacy-policy. Le condizioni di vendita aggiornate sono sempre disponibili anche online sul nostro sito web all'indirizzo www.italmix.com/condizioni-di-vendita.

GENERAL CONDITION of SALES and WARRANTY TERMS

- 1) This price-list replaces all the previous editions and net quotations, except in specific conditions and in written form released by our Company. The prices indicated in the price-list do not include I.V.A. (value add tax) and are to be understood as ex-works.
- 2) Orders sent to our Company are subject to the following Terms and Conditions. Our Company reserves the right to accept or reject an order. Our Company reserves the right to refuse or accept the orders received.
- 3) Orders are valid only when made directly in writing or through our Sales Agents. Orders, even those placed with our Agents or Representatives, will not be finalized till acceptance by the Customers (in writing) of the order confirmation released by our Company. If our company will not receive modifications/reply from the client after two working days from order confirmation, the supply will be subject to the specific terms set forth therein. Cancellation of the orders, even if partial, will not be accepted if production of the goods (or purchasing of components and/or raw materials), object of the same, are already in progress. Orders of “special products” , “customized products” and “discontinued products” may be supplied partially (and/or in different lots) also with variation of the quantity ordered exceeding or smaller than 10%. Orders below 150.00€ goods values will not be accepted. Any exception must be agreed with our Sales department.
- 4) Delivery terms reported on the order confirmation should be considered approximate and non-binding. Failure from our side to comply with the delivery terms indicated does not entitle the Client to cancel the order, defer payments or claim for refunds, compensations, penalties or damages of any kind. Supplies can be splitted into multiple deliveries.
- 5) Notwithstanding the Client’s instructions, our Company is entitled to choose the more suitable transport agent available at shipment. The Client shall inspect the goods delivered and any complaint related thereto will be acknowledged only by registered letter, certified e-mail or conventional e-mail within 8 days from receipt of the goods.
- 6) Only payments placed directly at our Company according to the agreed terms and conditions are valid and releasing, exception made for those based on special agreements. In case of payment delays, we will be entitled to charge the interests at the current bank rate. Such interests will be enforced the day after the payment due date. We reserve the right to issue a sight draft to cover pending invoices. All related expenses will be charged to the Client. We are also en tited to hold deliveries or cancel orders already accepted in case of payments not be placed within the agreed terms. Agents and representatives are not entitled to collect credits unless authorized by our Company in written form.
- 7) All our products are tested and inspected prior delivery.
- 8) Our Company may provide the Client documentation and products for promotional purposes that shall not be considered as samples pursuant to and by effect of Article 1522 of the Italian Civil Code.
- 9) Our Company guarantees compliance of the supplied products; product compliance means that the item has no defect that may prevent its operation and intended use. The warranty, which is enforced from the date of purchase by the first buyer (reference is made to the sale invoice date), is not renewable and is valid for:
- 10 years: mechanical faucets, single lever mixers and self-closing taps
 - 2 years: thermostatic mixers, electronic taps, shower heads, shower sets and hand-showers, fittings items, hoses, o-rings and gaskets.
- That covers:
- Casting defects or porosity.
 - Chrome-plated defects (when not caused by impacts, abrasive or acid detergents used instead of water, neutral soap or alcool and a soft cloth).
 - Defective cartridges (after inspection of the water quality that must be free from debris or impurities of any kind)
- 10) The warranty is not valid when:
- Appropriate stop cocks have not been installed
 - The item has not been properly installed
 - The item is un-properly used
 - Unsuitable repairing operations have been carried out without our written authorization
- 11) The warranty is limited to repair or replacement only of products received ex-works at our warehouse without any additional compensation for costs, damages or repairs. The faulty material will be replaced only upon compliance with the conditions set forth below:
- Request for authorization to return has been sent to our Sales Office and then approved by us.
 - The reason for return has been specified.
 - The product is properly packed and protected against damages during transportation.
 - The product is returned with a regular return bill indicating the code/item and the data related to the delivery bill.
- 12) The warranty does not cover:
- Product (or item) parts naturally subject to rapid and steady wear and rubbing-off
 - Surface treatments different than chrome-plating (their duration depends on the user's care and gentleness)
- 13) The pictures included in our catalogues, leaflets, brochures and website are for reference and for demonstration purposes only; dimensions, weights and measures are not binding. Our Company also reserves the right to modify the product in full or in part without notice for production purpose.
- 14) The goods delivered is our property until payment has been carried out in full.
- 15) Anything not provided for by these Terms and Conditions is regulated by the Italian Civil Code. All disputes are under the jurisdiction of the Court of Novara.
- 16) CIVIL LIABILITY LIMITATIONS The civil liability of our Company is limited to the contractual commitments resulting from these General Sales Terms and Conditions. Any responsibility in case of direct, indirect or consequent damage is excluded. Specifically, our Company will not be held liable for:
- Damages caused by its products after delivery and once in the Client’s possession
 - Damages caused by the Client or by the Client's products to which are connected
 - Adverse consequences on the Client's production or sales that may be connected to defects of our products. Our company may not be held liable in any way for Client's loss of profits, clientele or contracts or any other loss it may suffer or states to have suffered.
- 17) PERSONAL DATA TREATMENT The personal data submitted by the Client may be object of digital or paperwork treatments on our side to comply with the contractual and legal obligations. Our Privacy Policy complies with the European Regulation 679/2016 and is available online at www.italmix.com/privacy-policy. The updated terms and conditions are available at all times on our website: [www. Itamix.com/condition-of-sales](http://www.Itamix.com/condition-of-sales).
