DESIGN DANIEL LIBESKIND

IT Si avvicina all'idea di scultura la collezione che rappresenta la personale interpretazione di Daniel Libeskind dell'ambiente bagno, espressa attraverso la rivisitazione dei principi dell'estetica neoclassica. La serie si distingue per il dinamismo delle forme, realizzato mediante un atto di torsione che rende protagonista la plasticità della ceramica bianca. Trattata espressivamente al pari di un blocco di marmo di Carrara e caratterizzata da vibranti effetti chiaroscurali.

EN Advancing towards the concept of sculpture, this collection represents Daniel Libeskind's personal interpretation of the bathroom environment, expressed through a return to neoclassical aesthetic principles. The series is distinguished by the dynamism of its forms, created by means of an act of torsion that places the plasticity of white ceramic in the leading role. Treated precisely like a block of Carrara marble and characterised by vibrant *chiaroscuro* effects.

Pietraceramica

DESIGN OFFICINA AZZURRA

IT La matericità è il tratto distintivo di questo nuovo piatto doccia, interamente in ceramica. Attraverso l'utilizzo di uno stampo *ad hoc* e di uno speciale smalto, cotto ad alte temperature con tecnologie dedicate, il prodotto assume una texture che richiama quella della pietra. Le creste leggere della superficie conferiscono tridimensionalità e creano un effetto antiscivolo. La piletta, prodotta con la stessa texture del piatto doccia, diventa un *unicum* con l'area circostante. I quattro colori della collezione, gesso, beige, grafite e grigio, evocano le tonalità della terra e degli elementi naturali.

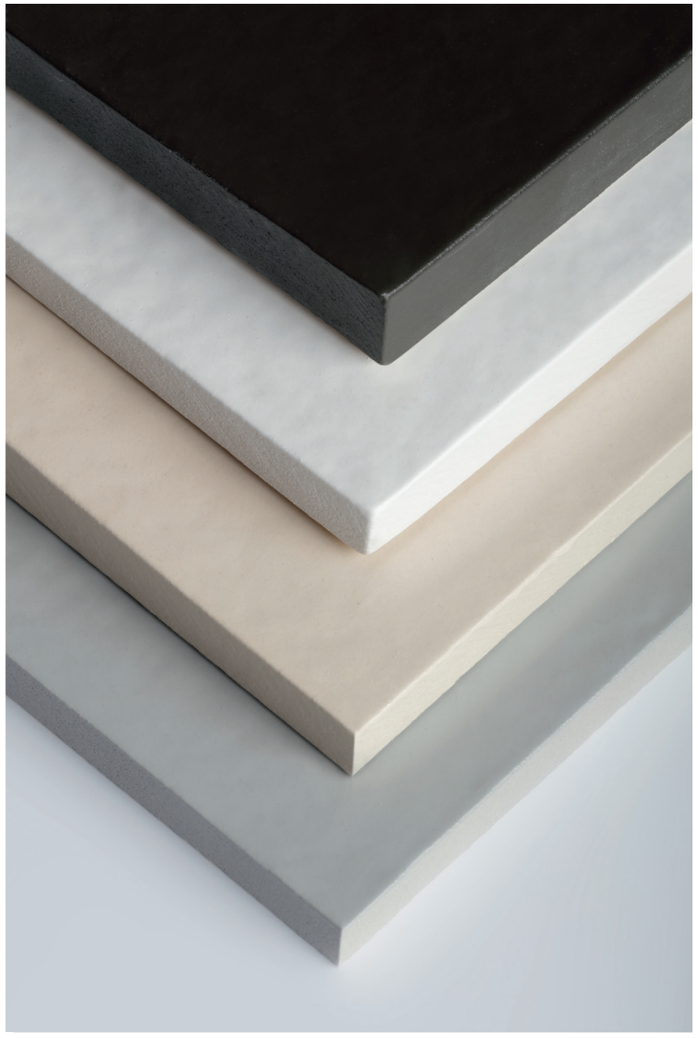

EN Materiality is the hallmark of this new shower tray, entirely in ceramic. Through the use of an ad hoc mold and a special enamel, fired at high temperatures with dedicated technologies, the product takes on a texture that recalls that of stone. The light ridges of the surface give three-dimensionality and create an anti-slip effect. The drain, produced with the same texture as the shower tray, becomes unique with the surrounding area. The four colors of the collection, chalk, beige, graphite and gray, evoke the shades of the earth and natural elements.

Leuca

DESIGN DIEGO GRANDI

Premi, awards: **German Design Award, menzione speciale**

IT Il profilo del lavabo Leuca, disegnato da Diego Grandi, nasce dalla suggestione legata al paesaggio marino della costa salentina, dove le acque del mar Adriatico incontrano e si uniscono a quelle dello Ionio. Il lavabo, sia singolo che doppio, si ispira al disegno di un'onda e si presenta con linee ondulate e spigoli netti conferendo dinamismo alla materia ceramica, liscia e uniforme.

EN The profile of the Leuca washbasin, designed by Diego Grandi, arises from the suggestion linked to the marine landscape of the Salento coast, where the waters of the Adriatic Sea meet and join those of the Ionian. The washbasin, both single and double, is inspired by the design of a wave and has wavy lines and sharp edges, giving dynamism to the smooth and uniform ceramic material.

Cleer

DESIGN DIEGO GRANDI

IT Cleer, collezione di arredo disegnata da Diego Grandi, prende ispirazione da un termine che in gergo meneghino, significa saracinesca, serranda. Con un inedito effetto di straniamento, i nuovi mobili Azzurra richiamano questo elemento del paesaggio urbano introducendo un componente tecnico all'interno della stanza da bagno.

EN Cleer, a furniture collection designed by Diego Grandi, takes inspiration from a term in the Milanese dialect, which refers to a shutter or roller blind. With a unique effect of estrangement, the new Azzurra furniture evokes this element of the urban landscape by introducing a technical component into the bathroom space.

IT La nuova collezione di mobili disegnata da Diego Grandi deve il suo nome a una delle principali esponenti del Movimento Moderno, l'architetto Charlotte Perriand, e si ispira ai suoi iconici progetti d'arredo. La colonna rappresenta l'elemento centrale del mobile, che reinterpreta il materiale ceramico grazie all'utilizzo dell'essenza di rovere e che costituisce l'appoggio del piano. Un volume inferiore laccato opaco, completa il mobile attraverso un ampio contenitore sospeso.

IT La collezione già dal nome rivela una ben definita matrice estetica, basata nel caso particolare sulla rielaborazione geometrica del cono. Sia i lavabi da appoggio che i sanitari, da terra e sospesi, presentano un carattere scultoreo di immediato *appeal*.

EN The name of the collection already reveals a well-defined aesthetic cast, based in this particular case on the geometric reinterpretation of a cone. Both the over counter washbasins and sanitarywares, floor-mounted or wall-hung, have a sculptural character with immediate appeal.
