## A shared vision

**Le nuove complessità del mondo ci hanno portato a riflettere profondamente sulla nostra identità, costantemente evoluta e affermata in oltre vent'anni di storia. Oggi, Ascot celebra il suo modo di fare ceramica come Brand di ricerca e avanguardia tecnologica, proponendo una visione d'impresa dinamica che mette al centro il design e valorizza i progettisti che la rendono possibile.**

Faced with a much more complex world, we have thought long and hard about our identity, constantly evolved and reinforced in more than twenty years of history. Today, Ascot celebrates its approach to ceramic coverings as a Brand known for research and leading-edge technology, with a dynamic business vision that focuses on design and values the creative spirits who make it possible.

## A new chapter

Due eccellenze del settore ceramico, Ascot Everytile e Dom Design Lab, si uniscono per dare vita a un'unico brand più dinamico e competitivo. Oltre quarant'anni di esperienza di Ascot Everytile nella produzione di pavimenti e rivestimenti si fondono con la creatività e l'innovazione di Dom Design Lab. Nasce una gamma di prodotti e servizi ancora più ampia e completa, per offrirti soluzioni personalizzabili e adattabili alle esigenze di qualsiasi progetto e ambiente.

Two ceramic industry leaders, Ascot Everytile and Dom Design Lab, join forces to create a single, more dynamic and competitive brand. Over forty years of Ascot Everytile's experience in the production of flooring and wall coverings merge with the creativity and innovation of Dom Design Lab. This results in an even broader and more comprehensive range of products and services, offering customizable solutions that can adapt to the needs of any project and environment.

## Eco-friendliness

L'attenzione che Ascot pone per ridurre al minimo l'impatto sull'ambiente, i consumi energetici e idrici, per l'impiego di materie prime selezionate e il riutilizzo degli scarti crudi e cotti, rende i suoi prodotti conformi alle più esigenti normative ecologiche. Capacità tecnologiche e competenze professionali contribuiscono al benessere delle comunità in cui il Brand opera per un miglioramento continuo nell'ambito della sostenibilità ambientale.

Ascot makes great efforts to minimise environmental impact and energy and water consumption, to use selected raw materials and to reuse greenware and fired waste, and as a result its products comply with the most severe environmental standards. Technological expertise and professional skills contribute to the wellbeing of the communities where the Brand works, for continual improvement in environmental sustainability.

## Technological nature

**Un'ampia gamma di effetti materici, formati, finiture e spessori personalizzano gli ambienti in ogni loro potenziale sviluppo. L'estrema versatilità tecnica ed estetica del gres porcellanato, un materiale duraturo, facilmente preservabile e di pratica installazione, si affianca all'extra spessore del gres OUT 20 mm specifico per spazi esterni, per progetti in&out totalmente coordinabili con i pavimenti e rivestimenti indoor.**

A wide range of material effects, sizes, finishes and thicknesses ensure the individuality of every location with countless potentials. The extreme technical and aesthetic versatility of Ascot porcelain stoneware, a durable material that is easy to conserve and convenient to install, is enhanced by the extra-thick OUT 20 mm stoneware specifically for outdoor spaces, for in&out projects which can be totally matched with the indoor floor and wall coverings.

Con la tecnologia in primix ogni singolo dettaglio delle superfici calcaree e cementizie a cui si ispirano le collezioni Ascot viene impresso sulle lastre in gres con una precisione tale da rendere ancora più labile la distinzione tra materia ceramica e materia originaria. Impianti sofisticati di ultima generazione consentono applicazioni selettive di colla e graniglia che creano rilievi tridimensionali perfettamente sincronizzabili con la grafica digitale ad alta definizione, conferendo un aspetto materico estremamente realistico e una qualità visiva inedita al prodotto ceramico.

With the in primix technology, every single detail of the Ascot collections' limestone and concrete inspiration surfaces is impressed on the stoneware slabs with such precision that the distinction between ceramic covering and original material becomes even more unclear. Sophisticated, latest-generation plants enable selective applications of adhesive and grit, creating three-dimensional relief textures perfectly synchronised with the high-definition digital patterning, giving the ceramic product an extremely realistic material effect and an unprecedented visual quality.

## 3D Honed

Grazie a un innovativo sistema digitale di ultima generazione, le linee produttive di Ascot raggiungono nuovi livelli di realismo. Questa tecnologia avanzata permette di creare effetti materici tridimensionali perfettamente sincronizzati con decorazioni ad alta definizione. Il processo si conclude con una lavorazione della superficie che combina rettifica e lappatura, ottenendo la finitura 3D Honed caratterizzata da un'elevata satinatura. L'unione tra tridimensionalità ed effetto satinato-matte dona alle superfici una morbidezza setosa, raffinata e dall'aspetto naturale.

Thanks to an innovative state-of-the-art digital system, Ascot's production lines reach new levels of realism. This advanced technology enables the creation of three-dimensional material effects perfectly synchronized with high-definition decorations. The process is completed with a surface treatment that combines grinding and honing, resulting in the 3D Honed finish characterized by a high satin sheen. The combination of three-dimensionality and a satin-matte effect gives the surfaces a silky, refined softness with a natural appearance.

## Garden 20

**Garden 20 è la nostra serie di gres porcellanato ad alto spessore, progettata per ambienti esterni. In risposta alla crescente domanda di soluzioni di design per spazi outdoor, abbiamo creato una linea di prodotti da 20 mm che offre soluzioni durature, antiscivolo e resistenti alle intemperie, garantendo una perfetta combinazione di estetica e funzionalità per progetti di paesaggio e architettura.**

Garden 20 is our collection of thick porcelain stoneware, designed for outdoor environments. In response to the growing demand for outdoor design solutions, we have created a line of 20 mm products that offer durable, non-slip, and weather-resistant solutions, ensuring a perfect combination of aesthetics and functionality for landscaping and architectural projects.

N    **NOMINAL SIZES / FORMATI NOMINALI**  
W    **WORKING SIZES / FORMATI REALI**

W    **WORKING SIZES / FORMATI REALI**

La “working size” si riferisce alla dimensione effettiva del mosaico, comprensiva della fuga di 1 mm. Questa misura rappresenta l’ingombro reale che il mosaico avrà una volta posato, tenendo conto delle tolleranze dovute allo spazio tra le tessere. Tale misura è particolarmente rilevante per mosaici con geometrie complesse.

The “working size” refers to the actual size of the mosaic, including the 1 mm joint. This measurement represents the actual footprint that the mosaic will have once installed, taking into account tolerances due to the space between tiles. This measure is particularly relevant for mosaics with complex geometries.

N    **NOMINAL SIZES / FORMATI NOMINALI**

La “nominal size” rappresenta la dimensione di progetto del mosaico, comprensiva anche dei vuoti. Questa misura standardizzata è impiegata principalmente a fini commerciali e può discostarsi dalle dimensioni effettive per via di variabili delle specifiche morfologie delle tessere.

The “nominal size” represents the design size of the mosaic, including the gaps. This standardized measurement is used primarily for commercial purposes and may deviate from the actual size due to variables in specific tile morphologies.

EN    **PLANNING FOR SURFACES**

To get the most from Ascot floor and wall cladding, allowing the maximum expression of its aesthetic and technical qualities, it is necessary to take into account the factors that influence the installation, such as the intended use of the environment, the loads, the mechanical, thermal, physical and chemical stresses to which the tiles will be subjected, the dimensions of the environment and any slopes present. Consequently, the specifications must include all the details of the site: type and method of installation, width of the grout lines, necessary expansion joints, perimeter joints, etc... When choosing tiles, it is also a good idea to evaluate the technical requirements, the existing formats, the intended use and the choice of the grout (grouts with strong or highly contrasting colours can make cleaning more difficult when compared to a tone-on-tone grout). Natural porcelain stoneware materials have slightly uneven dimensions, so the installation will be carried out with a grout line between the tiles of:

- 2 mm for rectified materials;
- 3/4 mm for natural products.

**THE INSTALLATION**

Before starting the installation, it is advisable to lay down at least 2 or 3 square metres of material to check the overall effect and take the material from multiple boxes to obtain a better chromatic effect. The shading is a characteristic of some ceramic products. The tiles must not be previously immersed in water, nor should the operating surface be marked with pencils and/or felt-tip pens. The installer will have to take note of any obvious defects (of article, quality, tone, presence of steps or small differences in level with adjacent tiles, etc.) and report them to the client and the designer, requesting authorisation before continuing work as, once laid, the material can no longer be disputed. Therefore it is recommended to start the installation in the presence of the client and the designer. In the period between the end of the installation and the delivery to the final client, the ceramic tiling must:

- be kept clean and free from cement, sand, mortar and any other material that may cause stains and/or phenomena of superficial mechanical abrasion;
- protected from damage or contamination potentially caused by the foreseeable presence of other construction professionals (painters, electricians, carpenters, etc.).

**EXAMINATION AND CHECKING OF THE TILING**

The examination and checking of the tiling must be done by the final customer in the presence of the installer and the site manager by means of a visual examination involving observation with the naked eye (with glasses, if normally used) of the surface at a distance of 1 m. An “effect” that can only be detected with oblique lighting, and only at close range, perhaps with the help of a magnifying glass, can not be considered a “defect”. An “effect” becomes a “defect” when it is visible under the observation conditions described above.

**WARNING:** Ascot Ceramiche, does not accept claims for material already installed due to defects which were clearly visible before installation (article, quality, shade, caliber, curved surfaces, stains, etc.) and shall not assume responsibility for the quality of the tiling work but only for the characteristics of the supplied material. At the end of the installation it is always a good idea to keep some extra tiles for any future repairs, or also to have a sample of the material available in the event of a dispute.

IT    **PROGETTO DELLE SUPERFICI**

Per valorizzare un pavimento e rivestimento Ascot, consentendo la massima espressione delle sue qualità estetiche e tecniche, è necessario tenere conto di quei fattori che influenzano la posa in opera, come la destinazione d’uso dell’ambiente, i carichi, le sollecitazioni meccaniche, termiche, fisiche e chimiche alle quali le piastrelle saranno sottoposte, le dimensioni dell’ambiente e le eventuali pendenze. Di conseguenza, il capitolato dovrà comprendere ogni specifica del cantiere: tipo e modalità di posa, dimensione della fuga, eventuali giunti di dilatazione, giunti perimetrali, etc... Nella scelta delle piastrelle si consiglia di valutare anche i requisiti tecnici, i formati esistenti, la destinazione d’uso e la scelta dello stucco (gli stucchi di colori forti o molto contrastati possono rendere la pulizia più laboriosa rispetto a uno stucco tono su tono). I materiali in gres porcellanato naturale presentano una leggera scalibratura, per cui la posa sarà effettuata con una fuga tra le piastrelle di:

- 2 mm per i materiali rettificati;
- 3/4 mm per i prodotti naturali.

**LA POSA IN OPERA**

Prima dell’inizio della posa si consiglia di stendere a terra almeno 2 o 3 m² di materiale per verificarne l’effetto d’insieme e prelevare il materiale attingendolo da più scatole per ottenere un miglior effetto cromatico. La stonalizzazione è una caratteristica propria di alcuni prodotti ceramici. Le piastrelle non devono essere preventivamente immerse nell’acqua, né devono essere segnate sulla superficie di esercizio con matite e/o pennarelli. Il posatore dovrà far notare e segnalare al committente e al progettista la presenza di eventuali difetti palesi (di articolo, qualità, tono, presenza di gradini o piccoli dislivelli con le piastrelle adiacenti, etc.) chiedendo l’eventuale autorizzazione a continuare il lavoro in quanto, una volta posato, il materiale non sarà più contestabile. Quindi si raccomanda di dare l’avvio alla posa in presenza del committente e del progettista. Nel periodo compreso fra la conclusione della posa e la consegna al committente finale, la piastrellatura ceramica dovrà:

- essere mantenuta pulita e libera da cemento, sabbia, malta e da qualsiasi altro materiale che possa causare macchie e/o fenomeni di abrasione meccanica superficiale;
- protetta da danni o contaminazioni potenzialmente apportate a seguito di una prevedibile frequentazione di altri operatori edili (imbianchini, elettricisti, falegnami, etc.).

**ESAME E CONTROLLO DELLA PIASTRELLATURA**

L’esame ed il controllo della piastrellatura deve essere fatto dal committente finale alla presenza del posatore e del responsabile del cantiere attraverso un esame visivo con osservazione a occhio nudo (con gli occhiali, se di uso abituale) della superficie ad una distanza di 1 mt. Un “effetto” rilevabile solo con luce radente, e solo a distanza ravvicinata, magari con l’aiuto di una lente di ingrandimento, non può essere considerato un “difetto”. Un “effetto” diventa “difetto” quando è visibile nelle condizioni di osservazione sopra riportate.

**AVVERTENZA:** Ascot Ceramiche, a materiale già posato, non accetta contestazioni dovute a vizi palesi visibili prima della posa finale (articolo, qualità, tono, calibro, curvatura, macchie, etc.) e non risponde sulla qualità dell’opera piastrellata finita ma solamente sulle caratteristiche del materiale fornito. E’ bene pertanto conservare, al termine della posa, alcune piastrelle di scorta per eventuali riparazioni, o anche per disporre di un campione rappresentativo del materiale in caso di contestazione.

FR    **PROJET DES SURFACES**

Pour valoriser un sol et un revêtement Ascot, en lui permettant d’exprimer ses qualités esthétiques et techniques au maximum, il faut tenir compte des facteurs qui influencent la pose tels que l’utilisation prévue de l’espace, les charges, les contraintes mécaniques, thermiques, physiques et chimiques auxquelles seront soumis les carreaux, les dimensions de l’espace ainsi que les éventuelles déclivités. Par conséquent, le cahier des c harges devra comprendre toutes les spécifications du chantier : type et mode de pose, dimension du joint, les éventuels joints de dilatation, les joints périmétraux, etc... Lors du choix des carreaux, il est également conseillé d’évaluer les exigences techniques, les formats existants, l’usage prévu et le choix du mortier de joint (les mortiers de joint de couleurs fortes ou très contrastées peuvent rendre le nettoyage plus laborieux par rapport à un mortier de joint ton sur ton) . Les matériaux en grès cérame naturel présentent une légère différence de calibrage, de sorte que la pose se fera avec un joint entre les carreaux de :

- 2 mm pour les matériaux rectifiés ;
- 3/4 mm pour les produits naturels.

**LA POSE**

Avant de commencer la pose, il est conseillé d’étendre au sol au moins 2 ou 3 m² de matériau pour vérifier l’effet global et de prélever le matériau de plusieurs boîtes pour obtenir un meilleur effet chromatique. Le nuançage est une caractéristique propre de certains produits céramiques. Les carreaux ne doivent pas être préalablement immergés dans l’eau, ni ne doivent être marqués, sur la surface travail, au crayon et/ou feutre. Le poseur devra faire remarquer et signaler au donneur d’ordre et au concepteur la présence d’éventuels défauts apparents (d’article, de qualité, la nuance, de présence de gradins ou de petits dénivelllements avec les carreaux adjacents, etc.) en demandant l’éventuelle autorisation de continuer le travail car, une fois posé, le matériel ne pourra plus être contesté. Il est donc recommandé de commencer la pose en présence du donneur d’ordre et du concepteur. Dans la période comprise entre la fin de la pose et la livraison au client final, le carrelage céramique devra :

- être laissé propre et exempt de ciment, de sable, de mortier et de tout autre matériau susceptible de provoquer des taches et/ou des phénomènes d’abrasion mécanique superficielle ;
- protégé contre les dommages ou contaminations pouvant potentiellement être causés par la présence prévisible d’autres opérateurs du bâtiment (peintres, électriciens, menuisiers, etc.).

**EXAMEN ET CONTRÔLE DU CARRELAGE**

L’examen et le contrôle du carrelage doivent être effectués par le client final en présence du poseur et du chef de chantier à travers un examen visuel à l’œil nu (ou avec des lunettes si utilisées habituellement) de la surface à une distance de 1 m. Un “effet” qui ne peut être détecté qu’avec une lumière rasante, et seulement à distance rapprochée, ou à l’aide d’une loupe, ne peut pas être considéré comme un “défaut”. Un “effet” devient un “défaut” lorsqu’il est visible dans les conditions d’observation décrites ci-dessus.

**AVERTISSEMENT :** lorsque le matériel est déjà posé, Ascot Ceramiche, n’accepte aucune contestation due à des vices apparents visibles avant la pose finale (article, qualité, nuance, calibre, courbure, taches, etc.) et n’est pas responsable de l’ouvrage carrelé fini mais seulement des caractéristiques du matériel fourni. Il convient donc de conserver, lorsque la pose est finie, quelques carreaux de réserve pour d’éventuelles réparations ou pour disposer d’un échantillon représentatif du matériel en cas de contestation.

Indications for laying

INDICAZIONI PER LA POSA / INDICATIONS PUOR LA POSE / HINWEISE ZUR VRLEGUNG / INDICACIONES PARA LA COLOCACIÓN

DE OBERFLÄCHENPROJEKT Für die optimale Aufwertung eines Fußbodens oder einer Wandverkleidung Ascot und damit ihrer ästhetischen und technischen Qualität, müssen bestimmte Faktoren bei der Verlegung berücksichtigt werden. Dazu gehören die beabsichtigte Nutzung der Umgebung, die Belastungen, sowie die mechanischen, thermischen, physikalischen und chemischen Spannungen, denen die Fliesen ausgesetzt werden und nicht zuletzt die Abmessungen der Umgebung und eventuelle Neigungen. Dementsprechend muss die Leistungsbeschreibung jede Spezifikation der Baustelle enthalten: Art und Weise der Verlegung, Abmessung der Fuge, eventuelle Dehnungsfugen, Anschlussfugen, usw... Bei der Wahl der Fliesen sollten auch die technischen Anforderungen, die vorhandenen Formate, der Einsatzort und die Wahl der Fugenmasse bewertet werden (Fugenmassen mit kräftigen Farben oder die stark im Kontrast zur Fliesenfarbe stehen, können die Reinigung im Vergleich zu einer Ton-in-Ton-Farbe aufwendiger machen). Die natürlichen Feinsteinzeugmaterialien weisen leichte Unebenheiten auf, so dass die Verlegung mit einem Fugenabstand zwischen den Fliesen erfolgt: • 2 mm für rektifizierte Materialien; • 3/4 mm für Naturprodukte.

DAS VERLEGEN Vor dem endgültigen Verlegen wird empfohlen etwa 2 oder 3 Quadratmeter Material trocken zu verlegen, um die Gesamtwirkung zu überprüfen. Entnehmen Sie dabei das Material aus verschiedenen Kartons, um einen besseren chromatischen Effekt zu erzielen. Farbabweichungen sind ein Merkmal einiger keramischer Produkte. Die Fliesen dürfen vorher nicht in Wasser eingetaucht werden, noch sollten sie auf der Oberfläche mit Bleistiften und/oder Filzstiften markiert werden. Der Fliesenleger muss den Kunden und den Designer auf offensichtliche Mängel hinweisen (Artikel, Qualität, Farbton, Vorhandensein von Abstufungen oder kleinen Höhenunterschieden mit angrenzenden Fliesen usw.) und um Genehmigung bitten, die Arbeit fortzusetzen, da nach dem Verlegen das Material nicht mehr reklamiert werden kann. Es empfiehlt sich demnach, mit dem Verlegen in Anwesenheit des Kunden und des Designers zu beginnen. Im Zeitraum zwischen dem Abschluss der Fliesenlegung und der Übergabe an den Endkunden muss die Keramikfliese: • sauber und frei von Zement, Sand, Mörtel und anderen Materialien gehalten werden, die Flecken und/oder oberflächliche mechanische Abriebe verursachen könnten; • vor Schäden oder Verschmutzung durch den möglicherweise vorhersehbaren Besuch anderer Handwerker (Maler, Elektriker, Schreiner usw.) geschützt werden.

ÜBERPRÜFUNG UND KONTROLLE DER VERFLIESUNG Die Überprüfung und Kontrolle der verlegten Fliesen muss vom Endkunden in Anwesenheit des Fliesenlegers und des Bauleiters durch eine Sichtprüfung mit bloßem Auge (oder mit Brille, falls Brillenträger) der Oberfläche aus einer Entfernung von 1 m durchgeführt werden. Ein "Effekt", der nur mit Streiflicht und nur aus nächster Nähe, vielleicht mit Hilfe einer Lupe, erkannt werden kann, kann nicht als "Mangel" betrachtet werden. Ein "Effekt" wird zu einem "Mangel", wenn er unter den zuvor genannten Beobachtungsbedingungen sichtbar ist.

HINWEIS: Ascot Ceramiche akzeptiert bei bereits verlegtem material keinerlei reklamationen aufgrund von mängeln, die bereits vor der endgültigen verlegung sichtbar waren (artikel, qualität, farbtton, kaliber, biegun, flecken, usw. ...) und haftet nicht für die qualität der abgeschlossenen verlegung, sondern nur für die merkmale des gelieferten materials. Deshalb empfiehlt es sich, nach der verlegung einige ersatzfliesen für eventuelle reparaturen oder auch als musterstück im falle eines streitfalls aufzubewahren.

ES PLANO DE LAS SUPERFICIES Para añadir valor a un suelo y revestimiento Ascot, permitiendo la máxima expresión de sus cualidades estéticas y técnicas, es necesario tener en cuenta aquellos factores que afectan a la colocación en la obra, como el uso previsto del entorno, las cargas, los esfuerzos mecánicos, térmicos, físicos y químicos a los que las baldosas serán expuestas, las dimensiones del entorno y las posibles pendientes. En consecuencia, las especificaciones técnicas deben incluir cada una de las características de la obra: tipo y modalidad de colocación, dimensión de la junta, posibles juntas de dilatación, juntas perimetrales, etc... Al realizar la seleccón de las baldosas se recomienda evaluar también los requisitos técnicos, los formatos existentes, el uso previsto y la elección del estuco (los estucos de colores fuertes o con grandes contrastes pueden provocar que la limpieza sea más difícil que la de los estucos tono sobre tono). Los materiales en gres porcelánico natural presentan una calibración ligeramente desigual por lo que la colocación se realizará con una junta entre las baldosas de: • 2 mm para los materiales rectificados; • 3/4 mm para los productos naturales.

LA COLOCACIÓN EN LA OBRA Antes del inicio de la colocación se recomienda extender en el suelo al menos 2 o 3 metros cuadrados del material para verificar el efecto conjunto y usar el material de distintas cajas para obtener un mejor efecto cromático. La variedad tonal es una característica propia de algunos productos cerámicos. Las baldosas no se deben sumergir previamente en agua, ni tampoco se deben asentar sobre la superficie de trabajo con marcas de lápiz y/o rotulador. El encargado de la colocación debe avisar y señalar al comitente y al proyectista la presencia de posibles defectos evidentes (en el artículo, calidad, tono, presencia de desniveles o desniveles con las baldosas adyacentes, etc.) solicitando la autorización final para continuar con el trabajo puesto que, una vez colocado, no se podrán realizar reclamaciones relativas al material. Por ello se recomienda comenzar la colocación ante la presencia del comitente y el proyectista. Durante el periodo comprendido entre la conclusión de la colocación y la entrega final al comitente, la superficie cubierta de baldosas cerámicas deberá: • mantenerse limpia y libre de cemento, arena, mortero y cualquier otro material que pueda causar manchas y/o fenómenos de abrasión mecánica superficial; • ser protegida de daños o posibles contaminaciones que pueda provocar la presencia frecuente de otros operarios de construcción (pintores, electricistas, carpinteros, etc.).

EXAMEN Y CONTROL DE LA SUPERFICIE EMBALDOSADA El comitente realizará el examen y control final de la superficie embaldosada ante el encargado de la colocación y el responsable de la obra mediante el examen visual a simple vista (con gafas si son de uso habitual) de la superficie a una distancia de 1 metro. Un "efecto" que se pueda percibir solo con luces laterales, y solo desde una distancia cercana, quizás con la ayuda de una lupa, no se puede considerar un "defecto". Un "efecto" se convierte en un "defecto" cuando es visible en las condiciones de observación arriba señaladas.

ADVERTENCIA: Ascot Ceramiche, en el caso de materiales ya colocados, no acepta reclamaciones debidas a defectos evidentes visibles antes de la colocación final (artículo, tono, calibre, curvatura, manchas, etc.) y tampoco acepta responsabilidades relacionadas con la calidad de la obra embaldosada final sino solamente sobre las características del material suministrado. Y es conveniente conservar, al término de la colocación, algunas baldosas de recambio para posibles reparaciones, o para disponer de una muestra representativa del material en el caso de reclamación.

Recommended laying method

METODO DI POSA RACCOMANDATO / MÉTHODE DE POSE RECOMMANDÉE / EMPFOHLENE VERLEGEMETHODE / MÉTODO DE COLOCACIÓN RECOMENDADO

IT Ascot Ceramiche sconsiglia tassativamente la posa a giunto unito e suggerisce la posa a correre con piastrelle sfalsate al massimo 10%/20%. EN Ascot Ceramiche strongly advises against installations with zero grout lines and suggests installation with a staggered tile at a maximum of 10%/20%. FR Ascot Ceramiche déconseille fortement la pose par joint uni et suggère la pose avec des carreaux décalés de 10 % / 20 % maximum. DE Ascot Ceramiche rät dringend von der Fliese-an-Fliese-Verlegung ohne den Einsatz einer Fuge ab und empfiehlt das Verlegen mit versetzten Fliesen zu maximal 10% / 20%. ES Ascot Ceramiche desaconseja totalmente la colocación con juntas unidas y aconseja la colocación longitudinal con baldosas escalonadas con un máximo del 10%/20%.

Recommended laying method - Materia Viva

METODO DI POSA RACCOMANDATO / MÉTHODE DE POSE RECOMMANDÉE / EMPFOHLENE VERLEGEMETHODE / MÉTODO DE COLOCACIÓN RECOMENDADO

Questo documento fornisce le linee guida per la corretta posa dei decori che richiedono un orientamento direzionale delle piastrelle, identificato da una freccia riportata sul retro di ciascuna piastrella 60x120.

This document provides installation guidelines for all decors requiring directional laying, identified by an arrow engraved on the back of each tile.

MODALITÀ DI POSA CONSIGLIATA, INDICAZIONI TECNICHE:

- Verificare la direzione della freccia prima della posa.
- Posare tutte le piastrelle nello stesso verso freccia.
- Controllare la resa visiva ogni 3–4 m² prima di procedere.

RECOMMENDED LAYING METHOD – TECHNICAL INSTRUCTIONS:

- Check the arrow direction before laying.
- Install all tiles in the same direction.
- Verify alignment visually every 3–4 sqm.

AVVERTENZE:

- Non seguire la freccia può generare:
- Variazioni cromatiche percepite
  - Discontinuità ottiche tra lastre
  - Errori di allineamento nella continuità

WARNINGS:

- Failure to follow the arrow may result in:
- Visible shade differences.
  - Discontinuity in geometrical flow.
  - Misalignment across installed tiles.

La freccia indicata è incisa nel retro piastrella.

The indicated arrow is engraved on the back of the tile.

CONDIZIONI GENERALI DI VENDITA / CONDITIONS GÉNÉRALES DE VENTE / ALLGEMEINE GESCHÄFTSBEDINGUNGEN /  
CONDICIONES GENERALES DE VENTA / ОБЩИЕ УСЛОВИЯ ПРОДАЖИ

EN 1. CONTRACTUAL REGULATIONS

These general conditions, unless modifications or dispensations are agreed in writing, regulate all sales contracts between Ascot Gruppo Ceramiche S.r.l. and the Purchaser. Changes to the general conditions of sale, offers, credits or discounts agreed by our agents or other intermediaries are not valid unless accepted in writing by our head office. If one or more parts of these conditions should be found to be invalid, the general conditions shall remain valid generally; the invalid parts shall be replaced with arrangements as close as possible to the original will of the parties. Any offer, all order acceptances and any delivery by the seller is understood to be made under these conditions, except with express written dispensation by the Seller itself; acceptance of such offers and acceptance of delivery by products from the Seller therefore implies acceptance by the Purchasers of these conditions, supplemented by any additional written arrangements between the parties. Fulfilment of the sale agreement is considered by convention to take place at the Seller's premises.

2. SUBJECT OF THE SUPPLY AGREEMENT AND ORDER CONFIRMATION

Illustrations and descriptions in catalogues and price lists, all our publications, as well as any samples provided, are not binding but provided purely for the purposes of information and comparison. Product dimensions are nominal and, particularly for hard glazed porcelain and porcelain stoneware floor tiles, are subject to applicable tolerances. The colours of the materials shall always be understood to be approximate, and any differences in shade shall not be considered material defects and no complaints shall be raised in this regard. Measurements, weights and specifications given in our price lists shall be considered approximate. The supply shall include only the materials, services and quantities specified in the order confirmation or in other written communications from the Seller. The text of the Seller's order confirmation shall take precedence in all cases over differing text in any offer or order. Orders not confirmed in writing shall under no circumstances be considered accepted, except in the event of performance by the Seller through written notification that the goods are ready or have been shipped, or through delivery of the products. Partial performance of the order without prior confirmation does not mean approval of the entire order, but rather partial approval with regard to the goods delivered. In this case, the delivery of the goods to the carrier shall equate to acceptance of the new contractual offer by the Purchaser. Goods ordered by mistake or in excess quantities by the Purchaser, like those which remain unsold, shall not be collected by the Seller.

3. DELIVERY

Delivery is considered made FOB Seller's premises in Solignano di Castelvetro (Modena), Italy. Goods always travel at the Purchaser's risk, and the Seller shall bear no responsibility therein after handover to the carrier. The Purchaser therefore bears the risk of any breakages, tampering with and/or deterioration of goods. Shipments via air or land concerning foreign supply contracts shall be made on the basis of conditions chosen on a case-by-case basis, as specified in the "Incoterms" approved by the International Chamber of Commerce.

4. DELIVERY DATES

The date established for delivery of the goods shall be understood to be in favour of both parties. Delivery dates are only approximate and not mandatory. Any delays in deliveries, interruptions, or total or partial suspension of supplies shall not give the Purchaser the right to cancel orders or demand compensation for direct or indirect damages. The Seller expressly reserves the right to make partial deliveries for each order where required. When modifications are made to the contract, deadlines shall be extended for a period equal to that initially established. In the event of delivery days exceeding 30 days, the Purchaser may, after providing formal notice, reject further deliveries and withdraw from the contract as regards the portion of products not yet delivered. In the event of withdrawal from the contract for the undelivered portion due to such a delay, payment shall be required only for the products actually delivered; no further compensation or indemnity shall be due.

5. FORCE MAJEURE

The Seller shall not be liable to the Purchaser for any non-fulfilment caused by events beyond its reasonable control such as, by way of example only, non-delivery or late delivery of raw/ semi-finished materials by suppliers, faults in plant systems, strikes and other trade-union action, interruption of energy supplies, suspension of or problems with transportation. Any event classified as force majeure shall cause the suspension of the period taken into consideration for the delivery deadline for its duration. If, consequent to an event classified as force majeure, the contract cannot be fulfilled within 60 days of the agreed deadline, each of the parties shall have the ability to withdraw from the contract. In this case, notification of withdrawal must be sent to the counterparty by means of recorded delivery with advice of receipt, or else using the Italian "PEC" certified email system, no more than ten days following the expiration of the aforementioned 60-day period; reciprocal rights to compensation or damages remain excluded.

6. PRICES AND PAYMENT TERMS

The prices specified in the applicable catalogues are ex-works (EXW); as such, any other expenses related to shipping, delivery and/or transportation are the sole responsibility of the Purchaser. Prices are net of applicable VAT, which must be paid as specified on the invoice. The place of payment is set as our Administrative Headquarters in Solignano di Castelvetro (Modena), Italy, including in the case that bank guarantees, drafts, credit notes or promissory notes are issued: any waiver to the above shall be valid only if granted by ourselves in writing. Delayed payment of our invoices, even partial, beyond the agreed due date, shall give rise to automatic addition of default interest, calculated pursuant to the provisions of Italian Legislative Decree no. 192 of 9 November 2012; delayed or non-payment of invoices – even partial, and for any reason – shall allow the Seller to demand payment in advance for remaining invoices, without prejudice to any other action, or alternatively, the right to suspend the supplies or terminate contracts in progress, even if not relating to the payments in question, as well as the right to compensation for any damages. The Seller may not make compensation with any credits towards the Seller, however they may have arisen. For the purposes of invoicing, the list prices in force on the day of delivery shall apply. In the event of a change in prices between the order confirmation and the day of delivery, the Seller has

the right to adapt the agreed prices to the new situation. However, should this price exceed that agreed at the time the order was placed by at least 20%, the Purchaser may withdraw from the contract by sending written notification by recorded delivery with advice of receipt, or else using the Italian "PEC" certified email system, no more than ten days from receipt of notification of the price increase. If such notification is not received, the new price shall be considered accepted.

7. SOLVE ET REPETE

No complaint or dispute regarding the quality of the goods, defects or any other aspect of the contract shall be effective or be taken into consideration, and thus no action may be started, except following full payment of the agreed price.

8. RETENTION OF TITLE

In the event that all or part of the payment is to be made after delivery, as agreed in the contract, the products delivered shall remain the property of the Seller until full payment has been made. Goods subject to retention of title must be stored separately by the Purchaser and identified as the Seller's property. The Seller may not sell outside of its normal commercial relationships, or deliver to third parties, pledge or in any way dispose of the products subject to retention of title by the Seller; they must also inform the Seller in a timely manner of any rights that third parties may have acquired over the goods themselves. In the event of default by the Purchaser, the Seller may, without the need for further formalities, including notification of default, collect the goods subject to retention of title, while retaining the right to make use of any other appropriate judicial remedy.

9. GUARANTEES AND RELIEF

The products manufactured by the Seller are compliant with current UNI-DIN-EN standards. Our warranty is limited to first grade products. Any guarantee against defects is therefore expressly excluded for second and third grade products or stock, and for occasional batches. Such materials are sold as seen. First-grade materials are guaranteed to comply with the ISO standards in force at the time of sale, with a tolerance of 5% (five per cent); the colour of the material supplied may differ from any samples provided, as ceramics are intrinsically variable in appearance. For any matters not expressly established herein, products are sold with reference to the state of the art and best practices in the ceramics sector, as well as the recommendations for use provided in our general catalogue. The Purchaser is obliged to check the quality and quantity of the goods. Any complaints or disputes must be raised within one week of receipt of the goods, on penalty of expiry, by recorded delivery with advice of receipt (or else using the Italian "PEC" certified email system) to our registered office in Solignano di Castelvetro (Modena), Italy. The material considered defective must be kept available for Ascot to make the checks it considers necessary, any further action (return, repair or other) must be authorised by ourselves in advance in writing. The material which is contested and/or to be returned must be stored appropriately by the Purchaser, protected from the elements in order to avoid further damage. Complaints and requests for support under guarantee after installation will not be taken into consideration in the event that the defect should be obvious (e.g. chips, dimensional defects, different shades etc.). Complaints relating to hidden faults or defects must be formalised in writing via recorded delivery with advice of receipt (or else using the Italian "PEC" certified email system) to our registered office in Solignano di Castelvetro (Modena), Italy within one week of their discovery, and in any case within one year from delivery, or else all rights under warranty, including compensation, shall be forfeited. This notification must contain, in addition to the invoice data, a precise description of the fault, and an estimate of the costs for repairing or modifying the product; if these data are not provided, the complaint shall not be considered valid. The guarantee against hidden faults is excluded or limited in the following cases: unauthorised removal of the work, installation not performed in accordance with best practice, failure to follow our instructions, or installation methods used which do not follow best practice and have prejudiced the ability to limit damage during installation. The use of goods which are visibly defective or do not match those ordered implies acceptance of the quality characteristics and thus excludes any potential complaint. Should a complaint turn out to be unfounded, the Purchaser shall be required to compensate Ascot for all expenses borne in connection with it (travel and inspection expenses etc.). Ascot's responsibility shall, in any case, be limited solely to replacing any defective pieces or repair, with the express exclusion of further compensation such as, but not limited to: the cost of removal or restoration of furniture, equipment, machinery etc.; lost earnings due to interruption or suspension of work, inconvenience, indirect damages etc. The presence of defective tiles shall not invalidate the quality of the entire supply contract or involve the obligation to replace it in its entirety. The time limits regarding the duration of the guarantee are those established by the Italian Civil Code.

10. ASSIGNMENT OF THE CONTRACT

The Purchaser may not transfer or assign their position in the contract or in individual mandatory relationships deriving from it without the written acceptance of Ascot: even if this is permitted, the Purchaser shall remain jointly and severally responsible with the transferee for the transferred obligations.

11. APPLICABLE LAW AND COURT OF JURISDICTION

These Conditions of Sale and each contract drawn up between the Seller and Purchaser, including export sale contracts, are governed by Italian law, including sector standards of the Province of Modena. For any disputes arising with regard to the supply contract, raised either by Ascot or the Purchaser, the Court of Modena, Italy, shall have sole jurisdiction. The seller nevertheless retains the right to file under other jurisdictions.

12. INDUSTRIAL PROPERTY AND SELECTIVE DISTRIBUTION – LIMITS TO RESALE

Ascot is the owner and legitimate holder of exclusive rights to the brands, designs and patents. Ascot manages the supply of its products through a selective distribution system. Supplies received from Ascot and its authorised selective sales outlets are destined for installation at the end user's premises, and no other form of resale to further commercial intermediaries other than the end user is permitted without prior written authorisation from Ascot. Resale of goods in violation of this prohibition shall be understood to be prohibited, and Ascot reserves the right to file judicial proceedings against anyone involved in unauthorised sales.

# General conditions of sale

CONDIZIONI GENERALI DI VENDITA / CONDITIONS GÉNÉRALES DE VENTE / ALLGEMEINE GESCHÄFTSBEDINGUNGEN / CONDICIONES GENERALES DE VENTA / ОБЩИЕ УСЛОВИЯ ПРОДАЖИ

#### IT 1. NORMATIVA CONTRATTUALE

Le presenti condizioni generali, salvo modificazioni o deroghe concordate per iscritto, disciplinano tutti i contratti di vendita fra Ascot Gruppo Ceramiche S.r.l. e l'Acquirente. Le variazioni delle condizioni generali di vendita, le offerte, gli accrediti o gli abbuoni accordati dai nostri agenti o altri intermediari, non sono validi se non accettate per iscritto dalla nostra sede. Se una o più parti delle presenti condizioni risultassero invalide, le condizioni generali resteranno valide nel loro complesso; le parti invalide saranno sostituite con pattuizioni che si avvicinano quanto più possibile alla originaria volontà delle parti. Ogni offerta, ogni accettazione d'ordine ed ogni consegna da parte del Venditore si intende fatta alle presenti condizioni, salvo espressa deroga scritta a firma del Venditore stesso; l'accettazione di tali offerte e la presa in consegna di prodotti provenienti dal Venditore implicano pertanto l'accettazione da parte degli acquirenti delle presenti condizioni integrate dalle eventuali pattuizioni scritte tra le parti. L'esecuzione del contratto di vendita è convenzionalmente stabilita aver luogo nella sede del Venditore.

#### 2. OGGETTO DELLA FORNITURA E CONFERMA D'ORDINE

Le illustrazioni e le descrizioni dei cataloghi e dei listini, tutte le nostre pubblicazioni ed i campionari non sono impegnativi ma puramente indicativi. Le dimensioni dei prodotti soggetti a calibro, in particolare dei pavimenti in porcellana dura smaltata e gres-porcellanato, sono da intendersi con le tolleranze d'uso. Le tonalità dei materiali s'intendono sempre approssimative e le eventuali differenze di tonalità non costituiscono difetto del materiale e non possono essere denunciate come tali. Misure, pesi e caratteristiche indicate nei nostri listini debbono intendersi indicativi. La fornitura comprende solamente le prestazioni, i materiali ed i quantitativi specificati nella conferma d'ordine o in altre comunicazioni scritte provenienti dal Venditore. Il testo della conferma d'ordine del Venditore prevarrà in ogni caso sul testo difforme dell'eventuale offerta o dell'ordinazione. L'ordine non confermato per iscritto in nessun caso potrà intendersi accettato, salvo esecuzione del medesimo da parte del Venditore mediante comunicazione scritta di merce pronta, di spedizione o mediante consegna dei prodotti. L'esecuzione parziale dell'ordine senza preventiva conferma, non significa approvazione per l'intero ordine, bensì approvazione parziale relativamente alla merce consegnata. In questo caso la consegna della merce al vettore equivarrà ad accettazione da parte dell'Acquirente della nuova proposta contrattuale.

Merci ordinate per errore o ordinate in eccedenza da parte dell'Acquirente, come pure quelle invendute, non vengono ritirate da parte del Venditore.

#### 3. CONSEGNE

La consegna si intende eseguita presso lo stabilimento del Venditore in Solignano di Castelvetro (MO). La merce viaggia sempre a rischio e pericolo dell'Acquirente ed ogni nostra responsabilità cessa con la consegna al vettore. Sono quindi a carico del Compratore anche i rischi di eventuali rotture, manomissioni e/o deterioramenti. Le spedizioni, via mare o via terra, concernenti forniture sull'estero, vengono effettuate in base alle condizioni scelte di volta in volta, riportate negli "Incoterms" approvati dalla Camera di Commercio Internazionale.

#### 4. TERMINI DI CONSEGNA

Il termine stabilito per la consegna della merce deve intendersi a favore di entrambi i contraenti. I termini di consegna sono solamente indicativi e non perentori. Eventuali ritardi nelle consegne, interruzioni, sospensioni totali o parziali delle forniture non daranno diritto al Compratore ad annullare ordini o a pretendere il risarcimento di eventuali danni diretti o indiretti. Il Venditore si riserva espressamente di poter eseguire consegne parziali a fronte di ciascun ordine. Quando siano intervenute modificazioni al contratto, il termine è prorogato per un periodo uguale a quello inizialmente stabilito. In caso di ritardo nelle consegne superiore a 30 giorni l'Acquirente potrà, dopo una rituale messa in mora, rifiutare ulteriori consegne e recedere dal contratto per la parte dei prodotti non ancora consegnata. Il recesso dal contratto per la parte non consegnata a cagione di ritardo dà luogo al pagamento dei soli prodotti effettivamente consegnati restando escluso ogni ulteriore risarcimento o indennizzo.

#### 5. FORZA MAGGIORE

Il Venditore non è responsabile nei confronti dell'Acquirente per il proprio eventuale inadempimento causato da accadimenti al di fuori del suo ragionevole controllo quali, a titolo meramente indicativo, mancata o ritardata consegna dei materiali di lavorazione da parte dei fornitori, guasti agli impianti, scioperi e altre azioni sindacali, interruzione dei flussi energetici, sospensione o difficoltà nei trasporti. Ogni evento di forza maggiore sospende la decorrenza del termine per tutta la sua durata. Se, in conseguenza di eventi di forza maggiore, il contratto non potrà trovare esecuzione entro i 60 giorni successivi al termine convenuto, ognuna delle due parti avrà la facoltà di recedere dal contratto stesso. In tal caso la dichiarazione di recesso dovrà essere spedita alla controparte, a mezzo lettera raccomandata con ricevuta di ritorno o p.e.c. entro i 10 giorni successivi allo scadere dei predetti 60 giorni, restando esclusi i reciproci diritti a indennizzi o a risarcimenti.

#### 6. PREZZI E TERMINI DI PAGAMENTI

I prezzi dei prodotti indicati nei cataloghi vigenti sono EXW (Franco Fabbrica); ne consegue che qualsiasi altro onere relativo alla spedizione, consegna e/o trasporto è a esclusivo carico dell'Acquirente. I prezzi si intendono al netto di IVA di legge, che deve essere corrisposta in conformità a quanto indicato in fattura. Il luogo di pagamento è fissato presso la nostra Sede Amministrativa in Solignano di Castelvetro (MO), anche nel caso di emissione di tratte, ricevute bancarie, LCR, ovvero di rilascio di effetti cambiari: eventuale deroga a quanto sopra sarà valida soltanto se da noi concessa in forma scritta. Il ritardo del pagamento, anche parziale, delle nostre fatture oltre la pattuita scadenza, darà luogo come previsto per legge all'automatica decorrenza degli interessi di mora, calcolati in conformità a quanto previsto dal D.Lgs. n. 192 del 9 novembre 2012, inoltre il mancato o ritardato pagamento anche parziale delle fatture - per qualsivoglia ragione - darà diritto al Venditore, impregiudicata ogni altra iniziativa, di pretendere il pagamento anticipato delle restanti forniture o, in alternativa, il diritto di sospendere le forniture o di risolvere i contratti in corso, anche se non relativi ai pagamenti in questione, nonché il diritto al risarcimento degli eventuali danni. Non è ammessa la compensazione da parte dell'Acquirente con eventuali crediti, comunque insorti, nei confronti del Venditore.

Per la fatturazione valgono i prezzi di listino in vigore al giorno della consegna. In caso di un cambiamento dei prezzi tra la conferma d'ordine ed il giorno della fornitura, il Venditore ha il

diritto di adeguare i prezzi pattuiti alla nuova situazione. Tuttavia qualora detto prezzo superi del 20% quello convenuto al momento dell'ordine, l'Acquirente potrà recedere dal contratto mediante invio di comunicazione scritta con raccomandata a.r. o a mezzo p.e.c. entro il termine perentorio di 10 gg dal ricevimento dell'avviso dell'aumento di prezzo. In difetto, il nuovo prezzo s'intenderà accettato.

#### 7. SOLVE ET REPETE

Nessuna contestazione o controversia inerente alla qualità della merce, a vizi o difetti, o a qualsiasi altro aspetto del contratto, sarà efficace e potrà essere presa in considerazione, e così pure nessuna azione potrà essere iniziata se non dopo l'avvenuto integrale pagamento del prezzo.

#### 8. RISERVA DI PROPRIETÀ

Nel caso in cui il pagamento, per accordi contrattuali, debba essere effettuato - in tutto o in parte - dopo la consegna, i prodotti consegnati restano di proprietà del Venditore fino all'integrale pagamento del prezzo. La merce oggetto di riserva di proprietà dovrà essere, a cura dell'Acquirente, tenuta fisicamente da parte e individuata come proprietà del Venditore. L'Acquirente non potrà vendere fuori dai suoi normali rapporti commerciali, ne consegnare a terzi, dare in pegno e comunque disporre dei prodotti oggetto di riserva di proprietà del Venditore; dovrà inoltre informare tempestivamente il Venditore di ogni diritto che i terzi possano aver acquisito sulla merce stessa. In caso di mora dell'Acquirente il Venditore potrà, senza necessità di alcuna formalità, compresa la messa in mora, ritirare tutta la merce oggetto di riserva di proprietà, con riserva di ogni ulteriore opportuno rimedio in via giudiziale per il pregiudizio subito.

#### 9. GARANZIA E RECLAMI

I prodotti realizzati dal Venditore sono conformi alle Norme UNI-DIN-EN attualmente in vigore. La nostra garanzia è limitata ai materiali di prima scelta. Qualsiasi garanzia per vizi è quindi espressamente esclusa per i materiali di seconda e di terza scelta o di stock e per le partite occasionali. Tali materiali sono venduti come "visti e graditi". I materiali in 1° scelta vengono garantiti conformi alle Norme ISO vigenti al momento della vendita con una tolleranza del 5% (cinque per cento); la tonalità del materiale fornito può differire dal campione esposto, essendo la ceramica intrinsecamente variabile come aspetto. Per quanto qui non espressamente stabilito, i prodotti vengono venduti con riferimento alle regole dell'arte ed alle consuetudini comunemente in uso nel settore ceramico ed ai consigli di utilizzo riportati nel nostro catalogo generale. È fatto obbligo all'Acquirente di verificare la merce in termini di qualità e quantità. Eventuali reclami e contestazioni dovranno essere denunciati, entro e non oltre 8 (otto) giorni dal ricevimento della merce, a pena di decadenza, a mezzo lettera raccomandata a.r. o mediante p.e.c., presso la nostra sede legale in Solignano di Castelvetro (MO). Il materiale considerato difettoso dovrà essere tenuto a disposizione di Ascot per le verifiche che riterrà opportuno effettuare; ogni ulteriore azione (restituzione, riparazione o altro) dovrà essere da noi preventivamente autorizzata per iscritto. Il materiale contestato e/o da rendere deve essere immagazzinate dal Compratore in modo adeguato, al riparo da agenti atmosferici, così da evitare eventuali danneggiamenti.

Reclami e richieste di intervento in garanzia dopo la posa in opera non saranno presi in esame nel caso in cui il difetto contestato dovesse risultare palese (es. sbeccate, difetti dimensionali, differenze di tono, ecc.). I reclami imputati a difetti o vizi occulti dovranno essere formalizzati per iscritto mediante lettera raccomandata a.r. o p.e.c. presso la nostra sede legale in Solignano di Castelvetro (MO) entro 8 (otto) giorni dalla scoperta e, in ogni caso, entro un anno dalla consegna, pena la decadenza da ogni diritto alla garanzia e di risarcimento. La comunicazione dovrà contenere, oltre i dati di fatturazione, una precisa descrizione del vizio, un preventivo dei costi di riparazione o modificazione del prodotto; in mancanza di questi dati il reclamo si considera nullo. La garanzia per difetti occulti rimane esclusa o limitata nel caso di: rimozione non autorizzata dell'opera, posa non effettuata a regola d'arte, inosservanza di nostre prescrizioni e particolari direttive di applicazione atti del danneggiamento non ispirati alla normale diligenza che abbiano pregiudicato il contenimento dei danni. L'utilizzo di merce visibilmente difettosa o difforme all'ordinato implica accettazione delle caratteristiche di qualità ed esclude ogni eventuale contestazione. Qualora il reclamo dovesse risultare infondato l'Acquirente dovrà risarcire Ascot di tutte le spese sostenute per l'accertamento (viaggi, perizie, ecc.). L'obbligo di Ascot è, in ogni caso, limitato alla sostituzione dei soli pezzi difettosi o alla riparazione, con espressa esclusione di ulteriori diversi indennizzi quali, a titolo indicativo ma non limitativo, per costi di rimozione e risistemazione di mobili, attrezzature, macchinari ecc., mancati guadagni per interruzione o sospensione di attività, disagi, danni indiretti ecc. La presenza di piastrelle difettose non inficia la qualità dell'intera fornitura né comporta l'obbligo della integrale sostituzione. I limiti temporali della durata della garanzia sono quelli stabiliti dal codice civile italiano.

#### 10. CESSIONE DEL CONTRATTO

L'Acquirente non può cedere la sua posizione nel contratto od in singoli rapporti obbligatori da questo derivanti senza l'accettazione scritta di Ascot: anche in tal caso l'Acquirente rimane comunque solidalmente responsabile col cessionario per le obbligazioni cedute.

#### 11. LEGGE APPLICABILE E FORO COMPETENTE

Le presenti Condizioni di Vendita e ciascun contratto stipulato tra Venditore ed Acquirente, ivi compresi i contratti di vendita all'esportazione, sono regolati dalla legge Italiana, compresi gli Usi di settore della Provincia di Modena. Per qualsiasi controversia comunque derivante dal contratto di fornitura, tanto da parte di Ascot come da parte dell'Acquirente, è esclusivamente competente il Tribunale di Modena. È comunque in facoltà del Venditore adire autorità giudiziarie competenti.

#### 12. PROPRIETÀ INDUSTRIALE E DISTRIBUZIONE SELETTIVA - LIMITI ALLA RIVENDITA

Ascot è titolare e legittimo detentore di esclusive relative ai marchi, a disegni e brevetti di invenzione. Ascot gestisce le forniture dei propri prodotti mediante un sistema di distribuzione selettiva. Le forniture ricevute da Ascot e dai propri punti vendita selettivi autorizzati sono destinate all'installazione presso l'utente finale e non è consentita altra forma di rivendita a ulteriori intermediari commerciali diversi dagli utenti finali, salvo preventiva autorizzazione scritta da parte di Ascot. La rivendita della merce in violazione di tale divieto deve considerarsi non consentita e Ascot si riserva il diritto di procedere giudizialmente nei confronti di chiunque sia coinvolto in rivendite non autorizzate.

#### FR 1. RÈGLEMENT CONTRACTUEL

Les présentes conditions générales, sauf modification ou dérogation convenues par écrit, régissent tous les contrats de vente entre Ascot Gruppo Ceramiche S.r.l. et l'Acheteur. Les variations des conditions générales de vente, les offres, les crédits ou les réductions accordés par nos agents ou autres intermédiaires ne sont valables que s'ils sont acceptés par écrit par notre siège social. Si une ou plusieurs parties des présentes conditions perdent leur validité, les conditions générales restent valables dans leur ensemble. Les parties ayant perdu leur validité sont remplacées par des accords qui se rapprochent le plus possible de l'intention initiale des parties. Toute offre, toute acceptation d'une commande et toute livraison par le Vendeur s'entend comme ayant été faite selon les présentes conditions, sauf dérogation expresse écrite signée par le Vendeur. L'acceptation de ces offres et la prise de livraison des produits provenant du Vendeur impliquent donc l'acceptation par les acheteurs des présentes conditions telles que complétées par d'éventuels accords écrits entre les parties. L'exécution du contrat de vente est réputée avoir lieu au siège social du Vendeur.

#### 2. OBJET DE LA FOURNITURE ET CONFIRMATION DE COMMANDE

Les illustrations et descriptions des catalogues et listes de prix, toutes nos publications et échantillons ne sont pas contraignantes mais fournies à titre purement indicatif. Les dimensions des produits sujets au calibrage, notamment les revêtements en porcelaine dure émaillée et en grès cérame, s'entendent avec les tolérances d'usage. Les nuances des matériaux s'entendent toujours comme étant approximatives et leurs éventuelles différences de nuances ne constituent pas un défaut du matériau et ne sauraient être dénoncées comme tel. Les mesures, poids et caractéristiques indiqués dans nos listes s'entendent à titre indicatif. La fourniture comprend uniquement les prestations, les matériaux et les quantités spécifiés dans la confirmation de commande ou dans d'autres communications écrites provenant du Vendeur. Le texte de la confirmation de commande du Vendeur fera foi dans tous les cas sur tout texte divergent de l'éventuelle offre ou commande. En aucun cas une commande non confirmée par écrit n'est réputée acceptée, à moins que le Vendeur n'exécute la commande par une communication écrite indiquant que la marchandise est prête, une expédition ou la livraison des produits. L'exécution partielle de la commande sans confirmation préalable ne vaut pas approbation de l'intégralité de la commande, mais une approbation partielle relative à la marchandise livrée. Dans ce cas, la livraison de la marchandise au transporteur vaut acceptation de la part de l'Acheteur de la nouvelle proposition contractuelle. La marchandise commandée par erreur ou en excès par l'Acheteur, ainsi que celle invendue, n'est pas reprise par le Vendeur.

#### 3. LIVRAISONS

La livraison s'entend effectuée dans les établissements du Vendeur à Solignano di Castelvetro (Modène). La marchandise voyage toujours aux risques et périls de l'Acheteur et toutes nos responsabilités cessent à la remise au transporteur. Par conséquent, les risques de casse, d'altération et/ou de détérioration sont également à la charge de l'Acheteur. Les expéditions de fournitures à l'étranger par voie maritime ou par voie terrestre sont effectuées selon les conditions choisies au cas par cas, figurant dans les « Incoterms » approuvés par la Chambre de commerce internationale.

#### 4. DÉLAIS DE LIVRAISON

Le délai fixé pour la livraison de la marchandise s'entend en faveur des deux parties. Les délais de livraison sont uniquement donnés à titre indicatif et ne sont nullement impératifs. Les éventuels retards de livraisons, interruptions, suspensions totales ou partielles de fournitures ne donnent pas le droit à l'Acheteur d'annuler les commandes ou de demander la réparation de tout dommage direct ou indirect. Le Vendeur se réserve expressément le droit d'effectuer des livraisons partielles pour chaque commande. En cas de modification apportées au contrat, le délai est prorogé pour une période égale à celle initialement établie. En cas de retard de livraison de plus de 30 jours, l'Acheteur peut, après une mise en demeure, refuser les livraisons ultérieures et résilier le contrat pour la partie des produits non encore livrée. La résiliation du contrat pour la partie non livrée en raison du retard ne donne lieu qu'au paiement des produits dûment livrés, toute autre réparation ou indemnité étant exclues.

#### 5. CAS DE FORCE MAJEURE

Le Vendeur n'est pas responsable envers l'Acheteur de toute inexécution causée par des événements indépendant de sa volonté, notamment, à titre purement indicatif, la non-livraison ou la livraison tardive de matériaux de fabrication par les fournisseurs, les défaillances de machines, les grèves et autres actions syndicales, l'interruption des flux énergétiques, la suspension ou les difficultés de transport. Tout événement de force majeure suspend la prise d'effet du délai pour toute sa durée. Si, par suite d'événements de force majeure, le contrat ne peut être exécuté dans les 60 jours suivant le délai convenu, chaque partie a le droit de résilier le contrat. Dans ce cas, la déclaration de résiliation doit être envoyée à l'autre partie par lettre recommandée avec accusé de réception ou par courrier électronique certifié dans les 10 jours suivant l'expiration des 60 jours susmentionnés, les droits réciproques à une indemnisation ou à des dommages et intérêts étant exclus.

#### 6. PRIX ET MODALITÉS DE PAIEMENT

Les prix des produits indiqués dans les catalogues en vigueur sont EXW (Départ usine). Par conséquent, tous les autres frais relatifs à l'expédition, la livraison et/ou au transport des produits sont à la charge exclusive de l'Acheteur. Les prix s'entendent hors taxe, la TVA légale devant être versée conformément aux indications de la facture. Le lieu de paiement est établi à notre siège administratif de Solignano di Castelvetro (Modène), même en cas d'émission de traites, de reçus bancaires, de LCR, ou d'émission de billets à ordre : toute dérogation à ce qui précède ne sera valable que sur accord par écrit de notre part. Le retard de paiement, même partiel, de nos factures au-delà de la date d'échéance convenue, donnera lieu, comme prévu par la loi, à la prise d'effet automatique des intérêts de retard, calculés conformément aux dispositions du décret législatif italien n°. 192 du 9 novembre 2012, en outre, le défaut ou le retard de paiement d'une partie seulement des factures - pour quelque raison que ce soit - donne au Vendeur, sans préjudice de toute autre action, le droit d'exiger le paiement anticipé des fournitures restantes ou, alternativement, le droit de suspendre les fournitures ou de résilier les contrats en cours, même s'ils ne sont pas liés aux paiements en question, ainsi que le droit à la réparation de tout dommage. La compensation par l'Acheteur de toute créance, quelle qu'elle soit, sur le Vendeur n'est pas autorisée. Les prix catalogue en vigueur le jour de la livraison s'appliquent à la facturation. En cas de modification des prix entre la confirmation de commande et le jour de

la livraison, le Vendeur a le droit d'adapter les prix convenus à la nouvelle situation. Toutefois, si ce prix dépasse de 20 % le prix convenu au moment de la commande, l'Acheteur peut résilier le contrat par l'envoi d'une lettre recommandée avec accusé de réception ou par courrier électronique certifié dans un délai impératif de 10 jours à compter de la réception de la notification de l'augmentation du prix. À défaut, le nouveau prix est réputé accepté.

#### 7. CLAUSE « SOLVE ET REPETE »

Aucune contestation ni aucun litige concernant la qualité de la marchandise, ses défauts ou vices, ou tout autre aspect du contrat, ne sauraient prendre effet et ne sauraient être pris en considération, de même qu'aucune action ne saurait être engagée avant le complet paiement du prix.

#### 8. RÉSERVE DE PROPRIÉTÉ

Dans le cas où, en vertu d'un accord contractuel, le paiement doit être effectué, en tout ou en partie, après la livraison, les produits livrés restent la propriété du Vendeur jusqu'au complet paiement du prix. Il incombe à l'Acheteur de stocker séparément la marchandise faisant l'objet d'une réserve de propriété et de l'identifier comme étant la propriété du Vendeur. L'Acheteur n'est pas autorisé à vendre en dehors de ses relations commerciales normales, ni à livrer à des tiers, ni à mettre en gage ou à disposer d'une autre manière des produits faisant l'objet de la réserve de propriété du Vendeur. Il doit en outre informer sans délai le Vendeur de tout droit que des tiers pourraient avoir acquis sur la marchandise. En cas de défaillance de l'Acheteur, le Vendeur pourra, sans qu'il soit besoin d'aucune formalité, notamment de mise en demeure, reprendre l'ensemble de la marchandise faisant l'objet de la réserve de propriété, sous réserve d'une action en justice appropriée pour demander la réparation du préjudice subi.

#### 9. GARANTIE ET RÉCLAMATIONS

Les produits fabriqués par le Vendeur sont conformes aux normes UNI-DIN-EN actuellement en vigueur. Notre garantie est limitée aux matériaux de premier choix. Toute garantie de défauts est donc expressément exclue pour les matériaux de deuxième et troisième choix ou de stock ainsi que pour les lots occasionnels. Ces matériaux sont vendus « en l'état ». Les matériaux de premier choix sont garantis conformes aux normes ISO en vigueur au moment de la vente avec une tolérance de 5 % (cinq pour cent). La teinte du matériau fourni peut différer de celle de l'échantillon exposé, la céramique étant par nature variable. Pour tout ce qui n'est pas expressément établi dans les présentes, les produits sont vendus en faisant référence aux règles de l'art et aux usages courants dans le secteur de la céramique ainsi qu'aux conseils d'utilisation indiqués dans notre catalogue général. Il incombe à l'Acheteur d'inspecter la marchandise en termes de qualité et de quantité. Toute réclamation et contestation doivent être signalées, dans un délai de 8 (huit) jours au plus tard à compter de la réception de la marchandise, à peine de déchéance, par lettre recommandée avec accusé de réception ou par courrier électronique certifié, à notre siège social de Solignano di Castelvetro (Modène). Le matériel considéré comme défectueux doit être tenu à la disposition d'Ascot pour les contrôles qu'elle juge opportun d'effectuer. Toute autre action (retour, réparation ou autres) doit faire l'objet d'une autorisation écrite préalable de notre part. Le matériel contesté et/ou retourné doit être stocké par l'Acheteur de façon appropriée, à l'abri des agents atmosphériques, afin d'éviter tout dommage. Les réclamations et les demandes de garantie après la pose en œuvre ne seront pas examinées si le défaut contesté est évident (p. ex., écaillage, défauts dimensionnels, différences de tonalité, etc.). Les réclamations imputables à des défauts ou à des vices cachés doivent être formalisées par écrit par lettre recommandée avec accusé de réception ou par courrier électronique certifié à notre siège social de Solignano di Castelvetro (Modène) dans un délai de 8 (huit) jours à compter de leur découverte et, en tout état de cause, dans un délai d'un an à compter de la livraison, à peine de déchéance de tous les droits de garantie et de réparation des dommages. La communication doit contenir, outre les données de facturation, une description précise du vice et une estimation des coûts de réparation ou de modification du produit. En l'absence de ces données, la réclamation sera considérée comme nulle et non avenue. La garantie des vices cachés est exclue ou limitée dans les cas suivants : dépose non autorisée de l'ouvrage, installation non réalisée selon les règles de l'art, non-respect de nos prescriptions et directives d'application spéciales, actions préjudiciables ne relevant pas d'une diligence normale ayant empêché de limiter le dommage. L'utilisation de marchandises visiblement défectueuses ou différentes de la commande implique l'acceptation des caractéristiques de qualité et exclut toute contestation. Si la réclamation s'avère infondée, l'Acheteur indemniserà Ascot de tous les frais engagés pour le contrôle effectué (déplacements, expertises, etc.). L'obligation d'Ascot est, en tout état de cause, uniquement limitée au remplacement des pièces défectueuses ou à la réparation, à l'exclusion expresse de tout autre dédommagement, tel que, à titre indicatif mais non limitatif, les frais de dépose et de remise en état des meubles, équipements, machines, etc...., le manque à gagner dû à l'interruption ou à la suspension des activités, les désagréments, les dommages indirects, etc.. La présence de carreaux défectueux n'affecte en aucun cas la qualité de l'ensemble de la fourniture et n'implique pas son complet remplacement. La durée de la garantie est celle établie par le code civil italien.

#### 10. CESSION DU CONTRAT

L'Acheteur ne peut céder sa qualité de partie au contrat ou dans les relations obligatoires individuelles qui en découlent sans l'acceptation écrite d'Ascot : même dans ce cas, l'Acheteur demeure solidairement responsable avec le cessionnaire des obligations cédées.

#### 11. LOI APPLICABLE ET TRIBUNAL COMPÉTENT

Les présentes conditions de vente et tout contrat conclu entre le Vendeur et l'Acheteur, y compris les contrats de vente à l'exportation, sont régis par la loi italienne, y compris les Usages de secteur de la province de Modène. Le tribunal de Modène est le seul compétent pour tout litige découlant du contrat de fourniture, tant de la part d'Ascot que de l'Acheteur. Toutefois, le Vendeur a le droit de saisir d'autres juridictions.

#### 12. PROPRIÉTÉ INDUSTRIELLE ET DISTRIBUTION SÉLECTIVE - LIMITES DE LA REVENTE

Ascot est le propriétaire et le détenteur légitime des droits exclusifs sur les marques, les dessins et les brevets d'invention. Ascot assure la fourniture de ses produits au moyen d'un système de distribution sélective. Les fournitures reçues de la part d'Ascot et de ses points de vente sélectifs agréés sont destinées à être installées dans les locaux de l'utilisateur final et aucune autre forme de revente à des intermédiaires commerciaux autres que les utilisateurs finaux n'est autorisée, sauf autorisation écrite préalable de la part d'Ascot. La revente des marchandises en violation de cette interdiction sera considérée comme non convenue et Ascot se réserve le droit d'engager des poursuites judiciaires contre toute personne impliquée dans une revente non autorisée.

# General conditions of sale

## CONDIZIONI GENERALI DI VENDITA / CONDITIONS GÉNÉRALES DE VENTE / ALLGEMEINE GESCHÄFTSBEDINGUNGEN / CONDICIONES GENERALES DE VENTA / ОБЩИЕ УСЛОВИЯ ПРОДАЖИ

### DE 1. VERTRAGSBESTIMMUNGEN

Die vorliegenden Allgemeinen Geschäftsbedingungen regeln sämtliche Kaufverträge zwischen der Ascot Gruppo Ceramiche S.r.l. und dem Käufer. Änderungen der Allgemeinen Geschäftsbedingungen, Offerten, eingeräumte Gutschriften oder Rabatte, die mit unseren Vertretern oder anderen Vermittlern vereinbart werden, sind ohne schriftliche Genehmigung unserer Hauptverwaltung nicht gültig. Sollten sich eine oder mehrere dieser Vertragsbedingungen als ungültig erweisen, behalten die Allgemeinen Geschäftsbedingungen insgesamt ihre Gültigkeit; die ungültigen Teile werden durch Vereinbarungen ersetzt, die dem ursprünglichen Willen der Parteien möglichst entsprechen. Jede Offerte, jede Bestellannahme und jede Lieferung durch den Verkäufer erfolgt zu den vorliegenden Geschäftsbedingungen, es sei denn, der Verkäufer erklärt schriftlich etwas Anderes; die Annahme dieser Offerten und die Annahme der Produkte vom Verkäufer implizieren daher die Einwilligung der Käufer in die vorliegenden Geschäftsbedingungen, die von schriftlichen Vereinbarungen zwischen den Parteien ergänzt werden können. Als Ausführungsort des Kaufvertrags wird üblicherweise der Sitz des Verkäufers vereinbart.

### 2. GEGENSTAND DER LIEFERUNG UND AUFTRAGSBESTÄTIGUNG

Die Abbildungen und die Beschreibungen in den Katalogen und Listen, alle unsere Veröffentlichungen und die Muster sind nicht bindend, sondern dienen als Richtwerte. Die Maße der Produkte, die Kalibrierungen unterliegen, vor allem der Bodenbeläge aus glasiertem Hartporzellan und Feinsteinzeug, sind mit den üblichen Toleranzen zu verstehen. Bei den Angaben zu den Farbporzancen der Materialien handelt es sich stets um annähernde Angaben; eventuelle Abweichungen in den Farbnuancen stellen keinen Materialfehler dar und können nicht als solche beanstandet werden. Die in unseren Listen angegebenen Maße, Gewichte und Eigenschaften sind als Richtwerte zu verstehen. Die Lieferung umfasst ausschließlich die in der Auftragsbestätigung oder in anderen schriftlichen Mitteilungen des Verkäufers angegebenen Leistungen, Materialien und Mengen. Der Text in der Auftragsbestätigung des Verkäufers hat auf jeden Fall mehr Gewicht als ein anders lautender Text einer eventuellen Offerte oder der Bestellung. Eine Bestellung, die nicht schriftlich bestätigt wurde, kann in keinem Fall als angenommen betrachtet werden, es sei denn, sie wird durch den Verkäufer durch schriftliche Mitteilung, dass die Ware bereit steht, Versandmitteilung oder Auslieferung der Produkte ausgeführt. Eine teilweise Ausführung der Bestellung ohne vorherige Bestätigung gilt nicht als Annahme der gesamten Bestellung, sondern als teilweise Bestätigung bezüglich der ausgelieferten Ware. In diesem Fall gilt die Auslieferung der Ware an das Unternehmen als Annahme des neuen Vertragsangebots durch den Käufer. Ware, die fälschlicherweise oder in zu großen Mengen vom Käufer bestellt wurde, sowie unverkaufte Ware wird nicht vom Verkäufer zurückgenommen.

### 3. LIEFERUNG

Die Lieferung erfolgt ab Werk des Verkäufers in Solignano di Castelvetro (Modena). Der Warentransport erfolgt stets auf Risiko und Gefahr des Käufers; jede Haftung unsererseits endet mit der Übergabe an das Unternehmen. Der Käufer trägt daher auch die Risiken im Zusammenhang mit eventuellen Brüchen, Manipulationen und/oder Beschädigungen. Der Versand von Sendungen ins Ausland auf dem See- oder Landweg erfolgt entsprechend den von Fall zu Fall vereinbarten Bedingungen, die in den von der Internationalen Handelskammer genehmigten „Incoterms“ aufgeführt sind.

### 4. LIEFERFRISTEN

Die für die Lieferung der Ware vereinbarten Fristen sind zugunsten beider Vertragsparteien auszulegen. Die Lieferfristen sind lediglich Richtwerte und nicht definitiv. Eventuelle Verzögerungen bei der Lieferung, Unterbrechungen, vollständige oder teilweise Aussetzungen der Lieferungen berechtigen den Käufer nicht zur Stornierung der Bestellungen oder zur Forderung von Schadensersatz für eventuelle direkte oder indirekte Schäden. Der Verkäufer behält sich ausdrücklich das Recht vor, jede Bestellung in Teillieferungen auszuführen. Zwischenzeitlich vereinbarte Vertragsänderungen bewirken eine Verlängerung der Lieferfrist um der ursprünglich vereinbarte Frist. Bei Lieferverzögerungen von mehr als 30 Tagen kann der Käufer nach der vorschriftsmäßigen Inverzugsetzung die Annahme weiterer Lieferungen verweigern und bezüglich des noch nicht ausgelieferten Teils der Ware vom Vertrag zurücktreten. Beim Rücktritt vom Vertrag bezüglich des noch nicht ausgelieferten Teils der Ware aufgrund einer Verzögerung müssen nur die tatsächlich ausgelieferten Artikel bezahlt werden. Schadensersatzzahlungen oder Entschädigungen sind ausgeschlossen.

### 5. HÖHERE GEWALT

Der Verkäufer übernimmt keinerlei Haftung gegenüber dem Käufer für eine eventuelle Nichterfüllung des Vertrags, die durch Ereignisse verursacht wurde, welche sich seiner Kontrolle entziehen, wie zum Beispiel nicht erfolgte oder verspätete Lieferung von Werkstoffen durch die Lieferanten, Schäden an den Anlagen, Streiks oder andere Gewerkschaftsaktionen, Stromunterbrechungen, Unterbrechungen oder Probleme im Verkehrswesen. Jedes Ereignis höherer Gewalt führt dazu, dass die Fristen während der gesamten Zeit, in der es andauert, ausgesetzt werden. Sollte der Vertrag infolge von Ereignissen höherer Gewalt nicht innerhalb von 60 Tagen nach dem vereinbarten Termin ausgeführt werden können, hat jede der beiden Parteien die Möglichkeit, von dem Vertrag zurückzutreten. In diesem Fall ist die Rücktrittserklärung der Gegenseite innerhalb von 10 Tagen nach Ablauf der oben aufgeführten 60 Tage per Einschreiben mit Antwortschein oder zertifizierte E-Mail-Adresse (PEC) zuzustellen; gegenseitige Ansprüche auf Entschädigung oder Schadensersatz sind ausgeschlossen.

### 6. PREISE UND ZAHLUNGSFRISTEN

Die in den geltenden Katalogen ausgewiesenen Produktpreise verstehen sich ab Werk. Daraus folgt, dass alle weiteren Kosten oder Aufwendungen in Verbindung mit Versand, Lieferung und/oder Fracht ausschließlich der Käufer trägt. Die Preise verstehen sich netto zuzüglich der gesetzlich geltenden Mehrwertsteuer, die wie in der Rechnung ausgewiesen zu entrichten ist. Als Zahlungsort gilt unser Geschäftssitz in Solignano di Castelvetro (Modena); auch bei der Ausstellung von Tratten, Bankguttittungen oder LCR bzw. bei der Ausgabe von Wechseln: Eine eventuelle Abweichung von den oben beschriebenen Bestimmungen gilt nur, wenn sie von uns in schriftlicher Form genehmigt wurde. Eine - auch teilweise - verspätete Bezahlung unserer Rechnungen nach der vereinbarten Frist führt wie gesetzlich vorgesehen automatisch dazu, dass Verzugszinsen fällig werden; diese werden gemäß den Bestimmungen des GvD. Nr. 192 vom 9. November 2012 berechnet. Eine - auch teilweise - unterlassene oder verspätete Bezahlung der Rechnungen, aus welchen Gründen auch immer, gibt dem Verkäufer unbeschadet jeder anderen Maßnahme das Recht, die vorzeitige Bezahlung der übrigen Lieferungen zu fordern oder alternativ dazu das Recht, die Lieferungen aussetzen oder die laufenden Verträge zu kündigen, auch wenn diese sich nicht auf die betreffenden Zahlungen beziehen, sowie das Recht auf Schadensersatz für eventuelle Schäden. Eine Verrechnung durch den Käufer mit eventuell gegenüber dem Verkäufer bestehenden Forderungen ist nicht zulässig. Für die Rechnungsstellung gelten die Preise auf der am Tag der Lieferung geltenden Preisliste. Im Falle einer Preisänderung zwischen der Auftragsbestätigung und dem Tag der Auslieferung hat der Verkäufer das Recht, die vereinbarten Preise an die neue Situation anzupassen. Sollte der besagte Preis den zum Zeitpunkt der

Bestellung vereinbarten Preis um 20 % übersteigen, ist der Käufer berechtigt, vom Kauf zurückzutreten, indem er den Verkäufer binnen der zwingend einzuhaltenden Frist von 10 Tagen nach Erhalt der Mitteilung über die Preiserhöhung schriftlich per Einschreiben mit Antwortschein oder zertifizierte E-Mail-Adresse (PEC) über seinen Rücktritt informiert. In Ermangelung einer solchen Mitteilung gilt der neue Preis als akzeptiert.

### 7. SOLVE ET REPETE

Vor der vollständigen Bezahlung des Preises kann keinerlei Beanstandung vorgenommen werden oder Streitfall eröffnet werden und in Erwägung gezogen werden bezüglich der Qualität der Ware, Mängeln oder Fehlern oder jeglichem anderen Vertragsaspekt, und es kann auch keinerlei Klage eingereicht werden.

### 8. EIGENTUMSVORBEHALT

Falls die Zahlung wie vertraglich vereinbart ganz oder teilweise nach der Lieferung geleistet werden muss, bleiben die gelieferten Produkte bis zur vollständigen Zahlung des vereinbarten Preises Eigentum des Verkäufers. Die Ware, die Gegenstand des Eigentumsvorbehalts ist, muss vom Käufer physisch getrennt aufbewahrt und als Eigentum des Verkäufers deklariert werden. Der Käufer darf Waren, die Gegenstand eines Eigentumsvorbehalts des Verkäufers sind, nicht außerhalb seiner üblichen Geschäftsbedingungen verkaufen und nicht an Dritte liefern, verpfänden oder in irgendeiner Weise darüber verfügen; er muss zudem den Verkäufer unverzüglich über alle Ansprüche informieren, die Dritte bezüglich der Ware selbst möglicherweise erworben haben. Bei Verzug des Käufers kann der Verkäufer ohne irgendwelche Formalitäten, einschließlich der Inverzugsetzung, die gesamte Ware, die Gegenstand des Eigentumsvorbehalts ist, abholen, vorbehaltlich jeder weiteren geeigneten rechtlichen Schritte zur Erstattung des erlittenen Schadens.

### 9. GARANTIE UND REKLAMATIONEN

Die vom Verkäufer hergestellten Produkte entsprechen den derzeit geltenden UNI-DIN-EN-Normen. Unsere Garantie beschränkt sich auf die Materialien 1. Wahl. Daher wird jede Gewährleistung für Materialien 2. oder 3. Wahl oder Lagerbestände oder Sonderpartien ausdrücklich ausgeschlossen. Diese Materialien werden als "gesehen und angenommen" verkauft. Es wird garantiert, dass die Materialien 1. Wahl den zum Verkaufszeitpunkt geltenden ISO-Normen entsprechen, mit einer Toleranz von ca. 5 % (fünf Prozent); der Farbton des gelieferten Materials kann vom ausgestellten Muster abweichen, da Keramik per se unterschiedlich im Aussehen ausfällt. Soweit hier nicht ausdrücklich vereinbart, werden die Produkte mit Bezug auf die Regeln der Technik und die im Keramiksektor üblichen Gebräuche und die in unserem Gesamtkatalog aufgeführten Verwendungsempfehlungen verkauft. Der Käufer ist verpflichtet, die Ware hinsichtlich der Qualität und der Menge zu kontrollieren. Eventuelle Beanstandungen und Beschwerden sind innerhalb von 8 (acht) Tagen nach Erhalt der Ware per Einschreiben mit Antwortschein oder zertifizierte E-Mail-Adresse (PEC) an unseren Geschäftssitz in Solignano di Castelvetro (Modena) zu richten; ansonsten verfällt der Anspruch. Das als fehlerhaft betrachtete Material muss Ascot für Kontrollen, deren Ausführung das Unternehmen als angemessen betrachtet, bereitgestellt werden; jede weitere Maßnahme (Rückgabe, Reparatur oder sonstiges) bedarf der vorherigen schriftlichen Genehmigung unsererseits. Das beanstandete und/oder zurückzugebende Material muss vom Käufer angemessen und geschützt vor Witterungseinflüssen gelagert werden, um eventuelle Beschädigungen zu vermeiden.

Beanstandungen und die Inanspruchnahme von Garantieleistungen nach der Verlegung werden nicht berücksichtigt, sollte sich der beanstandete Fehler als offensichtlich erweisen (z.B. abgeschlagene Ecken, Mängel bezüglich der Maße, Farbdifferenzen usw.) Beanstandungen bezüglich versteckter Fehler oder Mängel sind innerhalb von 8 (acht) Tagen ab Feststellung per Einschreiben mit Antwortschein oder zertifizierte E-Mail (PEC) an unseren Geschäftssitz in Solignano di Castelvetro (Modena) zu richten; ansonsten verfällt der Anspruch auf Garantie- und Schadensersatzleistungen. Die Mitteilung muss neben den Rechnungsdaten eine genaue Beschreibung des Fehlers und einen Kostenvorschlag für die Reparatur oder Abänderung des Produkts enthalten; ohne diese Angaben wird die Beanstandung als nichtig betrachtet. Die Garantie für versteckte Mängel ist in den folgenden Fällen ausgeschlossen oder eingeschränkt: bei nicht genehmigte Entfernung des Gewerks, nicht fachgerecht erfolgter Verlegung, Nichtbeachtung unserer Vorgaben und insbesondere unserer Vorschriften für die Verlegung, Beschädigungen, die darauf zurückzuführen sind, dass bei der Beschädigung nicht die übliche Sorgfalt angewandt wurde und so eine Schadensbegrenzung möglicherweise verhindert wurde. Die Verwendung sichtbar fehlerhafter oder nicht der Bestellung entsprechenden Ware impliziert die Annahme der Qualitätsmerkmale und schließt jegliche Beanstandung aus. Sollte die Beanstandung sich als unbegründet erweisen, muss der Käufer Ascot sämtliche Kosten, die das Unternehmen für die Feststellung aufgewendet hat (Fahrten, Gutachten etc.) erstatten. Ascot haftet in jedem Fall nur für den Ersatz oder die Reparatur der fehlerhaften Teile; weitere Schadensersatzleistungen wie beispielsweise und nicht abschließend für Kosten für die Entfernung und das Wiederaufstellen von Möbeln, Einrichtungen, Maschinen etc., entgangene Gewinne wegen Betriebsunterbrechung oder -einstellung, Unannehmlichkeiten, indirekte Schäden etc. sind ausdrücklich ausgeschlossen. Das Vorhandensein fehlerhafter Fliesen beeinträchtigt nicht die Qualität der gesamten Lieferung und beinhaltet auch nicht die Verpflichtung, diese vollständig zu ersetzen. Die zeitliche Begrenzung der Garantiezeit erfolgt gemäß dem italienischen Gesetzbuch.

### 10. ABTRETUNG DES VERTRAGS

Der Käufer kann seine Position im Vertrag oder in einzelnen, sich daraus ergebenden obligatorischen Beziehungen nicht ohne die schriftliche Einwilligung von Ascot abtreten: Auch in diesem Fall haftet der Käufer weiterhin solidarisch mit der übernehmenden Partei für die abgetretenen Verpflichtungen.

### 11. ANWENDBARES RECHT UND RICHTSITZSTAND

Die vorliegenden Geschäftsbedingungen und jeder zwischen dem Verkäufer und dem Käufer geschlossene Vertrag, einschließlich dem Kaufverträge für den Export, unterstehen dem italienischen Gesetz einschließlich der üblichen Branchenpraktiken der Provinz Modena. Für alle Streitfragen, die sich möglicherweise im Zusammenhang mit dem Liefervertrag sowohl seitens Ascot als auch seitens des Käufers ergeben, ist ausschließlich das Gericht Modena zuständig. Der Verkäufer hat auf jeden Fall die Möglichkeit, verschiedene Gerichtsbehörden anzurufen.

### 12. GEWERBLICHES EIGENTUM UND SELEKTIVER VERTRIEB - EINSCHRÄNKUNG DES WIEDERVERKAUFS

Ascot ist der Inhaber und rechtmäßige Eigentümer exklusiver Rechte an den Marken, Zeichnungen und Erfindungspatenten. Ascot liefert seine Produkte über ein selektives Vertriebsssystem aus. Die von Ascot und den eigenen ausgewählten, autorisierten Verkaufsstellen erhaltenen Lieferungen sind für die Anbringung beim Endkunden bestimmt; eine andere Form des Wiederverkaufs an weitere Zwischenhändler, bei denen es sich nicht um Endkunden handelt, ist nur mit vorherige schriftliche Genehmigung durch Ascot zulässig. Ein Wiederverkauf der Ware in Verstoß gegen dieses Verbot wird als nicht genehmigt betrachtet und Ascot behält sich das Recht vor, rechtliche Schritte gegen jeden einzuleiten, der in nicht genehmigte Weiterverkäufe verwickelt ist.

### ES 1. NORMATIVA CONTRATTUAL

Las presentes condiciones generales, salvo modificaciones o excepciones acordadas por escrito, rigen todos los contratos de venta entre Ascot Gruppo Ceramiche S.r.l. y el Comprador. Las variaciones de las condiciones generales de venta, las ofertas, los bonos o los descuentos convenidos por nuestros agentes o demás intermediarios, no serán válidos si no son aceptados por escrito por nuestra oficina. Si una o varias partes de las presentes condiciones resultaren no válidas, las condiciones generales seguirán siendo válidas en su conjunto; las partes no válidas serán substituidas por pactos que se aproximen lo más posible a la voluntad original de las partes. Cada oferta, cada aceptación de pedido y cada entrega por parte del Vendedor se considerará realizada con arreglo a las presentes condiciones, salvo excepción específica escrita y firmada por el propio Vendedor; la aceptación de tales ofertas y la recepción de productos provenientes del Vendedor implica, por consiguiente, la admisión por parte de los compradores de las presentes condiciones integradas por los eventuales pactos acordados y expresados por escrito por las partes. Se establece de forma convencional que la ejecución del contrato de venta tiene lugar en la oficina del Vendedor.

### 2. OBJETO DEL SUMINISTRO Y CONFIRMACIÓN DEL PEDIDO

Las ilustraciones y las descripciones de los catálogos y de las listas de precios, todas nuestras publicaciones y los catálogos de muestras no comportan ningún compromiso sino que son meramente orientativos. Las dimensiones de los productos sujetos a calibre, más concretamente de los pavimentos de porcelana dura esmaltada y de gres porcelánico, deberán entenderse incluyendo las tolerancias de uso. Téngase en cuenta que las tonalidades de los materiales siempre son aproximadas y las posibles diferencias de tonalidad no constituyen defectos del material ni pueden ser denunciadas como tales. Las medidas, los pesos y las características indicados en nuestras listas de precios deben considerarse meramente orientativos. El suministro únicamente incluye las prestaciones, los materiales y las cantidades especificados en la confirmación del pedido o en otras comunicaciones, expresadas por escrito, procedentes del Vendedor. El texto de confirmación del pedido del Vendedor prevalecerá en todo caso sobre cualquier texto discordante de oferta o de pedido. Los pedidos no confirmados por escrito en ningún caso podrán considerarse aceptados, salvo que tales pedidos sean cursados por el Vendedor mediante comunicación escrita de mercancía lista para la entrega, de envío o mediante entrega de los productos. La ejecución parcial de un pedido sin su previa confirmación, no conleva la aprobación del total del pedido, sino solo la aprobación de la parte del pedido correspondiente a la mercancía entregada. En este caso la entrega de la mercancía al transportista se entenderá como prueba de aceptación de la nueva propuesta contractual por parte del Comprador. El Vendedor no retirará mercancías encargadas por error ni encargadas en exceso por parte del Comprador, como tampoco mercancías no vendidas.

### 3. ENTREGAS

La entrega se entiende efectuada en el establecimiento del Vendedor, sito en Solignano di Castelvetro (Módena). La mercancía viaja siempre por cuenta y riesgo del Comprador, de modo que todas nuestras responsabilidades cesan en el momento de la entrega de la misma al transportista. Así pues, queda a cargo del Comprador todo eventual riesgo de rotura, manipulación y/o deterioro de la mercancía. Los envíos, por mar o por tierra, correspondientes a suministros al extranjero, se realizan de acuerdo con las condiciones elegidas en cada caso, indicadas en los "Incoterms" aprobados por la Cámara de Comercio Internacional.

### 4. PLAZOS DE ENTREGA

El plazo establecido para la entrega de la mercancía ha de entenderse a favor de ambas partes. Los plazos de entrega son meramente orientativos y en ningún caso perentorios. Eventuales retrasos en las entregas, interrupciones, suspensiones totales o parciales de los suministros no le darán derecho al Comprador a anular pedidos ni a pretender el resarcimiento de eventuales perjuicios directos ni indirectos. El Vendedor se reserva de manera explícita el derecho de efectuar entregas parciales con respecto a cada pedido. En caso de que el contrato sufra modificaciones, el plazo se prorrogará durante un periodo igual al establecido inicialmente. En caso de retraso superior a treinta días en las entregas, el Comprador podrá, tras aviso formal, rechazar ulteriores entregas y rescindir el contrato en lo concerniente a los productos no entregados todavía. La rescisión del contrato en lo que respecta a la parte no entregada a causa de la demora dará lugar al pago de tan solo los productos efectivamente entregados, por lo que no se podrán exigir ulteriores resarcimientos ni indemnizaciones.

### 5. FUERZA MAYOR

El Vendedor no tendrá responsabilidad alguna para con el Comprador en caso de incumplimiento debido a acaecimientos que, razonablemente, queden fuera de su control, como, a mero título de ejemplo, la no entrega o la entrega con retraso de materiales de elaboración por parte de los proveedores, averías en las instalaciones, huelgas y demás acciones sindicales, interrupción del flujo de energía, suspensión o dificultades en los transportes. Cualquier acontecimiento de fuerza mayor suspenderá el efecto del plazo durante el tiempo en que tal acontecimiento esté en curso. Si, como consecuencia de sucesos de fuerza mayor, el contrato no se puede ejecutar en el plazo de los sesenta días inmediatamente subsiguientes al plazo convenido, cada una de las dos partes tendrá la potestad de rescindir el contrato. En tal caso la declaración de rescisión se le deberá cursar a la otra parte, mediante carta certificada con acuse de recibo o a través de correo electrónico certificado, en el plazo de los diez días inmediatamente posteriores al vencimiento de los susodichos sesenta días; en este supuesto ninguna de las partes podrá exigir resarcimientos ni indemnizaciones.

### 6. PRECIOS Y PLAZOS DE PAGO

Los precios de los productos indicados en los catálogos vigentes son EXW (francos de fábrica); como consecuencia de ello cualquier otro coste relativo al envío, la entrega y/o el transporte de los productos correrá a cargo del Comprador exclusivamente. Los precios de los productos no incluyen el IVA determinado por la ley, que deberá ser satisfecho de conformidad con lo indicado en la factura. El lugar de pago será nuestro domicilio administrativo, sito en Solignano di Castelvetro (Módena), incluso en caso de emisión de giros o recibos bancarios, remesas electrónicas de letras de cambio, o bien de emisión de efectos cambiarios; toda excepción a lo enunciado más arriba será válida solamente por concesión nuestra expresada por escrito. La demora en el pago, incluso parcial, de nuestras facturas más allá del plazo estipulado, dará lugar, según lo previsto por la ley, al automático devengo de intereses de demora, calculados de conformidad con lo establecido en el decreto legislativo Italiano nº 192, de 9 de noviembre de 2012; además, la falta de pago o la demora en el pago, incluso parcial, de las facturas, por la razón que fuere, le dará derecho al Vendedor, sin menoscabo de cualquier otra iniciativa, a exigir el pago por adelantado del resto de suministros o, de manera alternativa, el derecho a suspender los suministros o a resolver los contratos en vigor, aun cuando nada tengan que ver con los pagos en cuestión, así como el derecho al resarcimiento de todo eventual perjuicio. No se admitirá compensación alguna por parte del Comprador con eventuales créditos, independientemente de su origen, contra el Vendedor. Para la facturación se aplicarán los precios vigentes en la fecha de la entrega, indicados en la lista. En caso de cambio de los precios entre el momento de la confirmación del pedido y la fecha de suministro,

el Vendedor tendrá el derecho de adecuar los precios convenidos a la nueva situación. Sin embargo, en caso de que dicho precio sobrepase en un 20% o más el pactado en el momento del pedido, el Comprador podrá rescindir el contrato notificando su voluntad en tal sentido, a través de carta certificada con acuse de recibo o correo electrónico certificado, en el plazo terminante de diez días a contar desde la fecha de recepción del aviso del aumento de precio. De no mediar comunicación alguna en dicho sentido el precio se considerará aceptado.

### 7. SOLVE ET REPETE

No tendrá eficacia ni se atenderá reclamación ni controversia alguna con respecto a la calidad de la mercancía, a vicios o defectos, ni a ningún otro aspecto del contrato, ni se podrá emprender acción alguna mientras no se haya procedido al pago íntegro del precio.

### 8. RESERVA DE PROPIEDAD

En caso de que, por acuerdos contractuales, el pago tenga que efectuarse, totalmente o en parte, tras la entrega, los productos entregados seguirán siendo propiedad del Vendedor hasta que se satisfaga el pago total del precio. El Comprador deberá apartar físicamente y marcar como propiedad del Vendedor la mercancía objeto de reserva de propiedad. El Comprador no podrá vender más allá de sus normales relaciones comerciales, entregar a terceras personas, dar como prenda ni disponer de modo alguno de los productos objeto de reserva de propiedad del Vendedor; además tendrá que informar oportunamente al Vendedor de todo derecho que terceras personas puedan haber adquirido sobre tal mercancía. En caso de mora del Comprador, el Vendedor, sin necesidad de formalidad alguna, incluidos avisos, podrá retirar toda la mercancía objeto de reserva de propiedad, sin menoscabo de la facultad de recurrir a la vía judicial por el perjuicio sufrido.

### 9. GARANTÍAS Y RECLAMACIONES

Los productos fabricados por el Vendedor son conformes a las Normas UNI-DIN-EN actualmente vigentes. Nuestra garantía se limita a los materiales de primera calidad. Los materiales de segunda y de tercera calidad o de stock y de partidas ocasionales no están cubiertos por garantía ninguna frente a vicios. Dichos materiales se venden como "vistos y buenos". Los materiales de primera calidad están avalados por la garantía de conformidad a las Normas ISO vigentes en el momento de la venta con una tolerancia del 5% (cinco por ciento); la tonalidad del material proporcionado puede diferir de la muestra expuesta, siendo la cerámica intrínsecamente variable en su aspecto. En relación con todo lo no establecido de manera explícita, los productos se venderán de acuerdo con las reglas vigentes, con las prácticas habituales en el sector cerámico y con arreglo a los consejos de utilización enunciados en nuestro catálogo general. El Comprador tiene la obligación de verificar la mercancía en lo referente a su calidad y cantidad. Toda reclamación o disputa deberá ser comunicada, en el plazo de 8 (ocho) días a contar desde la fecha de recepción de la mercancía, so pena de prescripción, a través de carta certificada con acuse de recibo o correo electrónico certificado, a nuestro domicilio legal, sito en Solignano di Castelvetro (Módena). El material considerado defectuoso deberá mantenerse a disposición de Ascot para que pueda realizar las comprobaciones que juzgue oportunas; cualquier otra acción (devolución, reparación o demás) deberá ser previamente autorizada por nosotros por escrito. El material objeto de reclamación y/o que haya que devolver habrá de ser almacenado por el Comprador de modo adecuado, protegido de los agentes atmosféricos, para evitar cualquier daño.

No se atenderán reclamaciones ni solicitudes de intervención bajo garantía con posterioridad a la colocación en caso de que el defecto impugnado sea evidente (por ejemplo, melladuras, defectos dimensionales, diferencias de tono, etc.). Las reclamaciones imputadas a defectos o vicios ocultos deberán formalizarse por escrito mediante carta certificada con acuse de recibo o correo electrónico certificado a nuestro domicilio legal, sito en Solignano di Castelvetro (Módena), en el plazo de 8 (ocho) días a contar desde la fecha en que se haya descubierto el defecto y, en cualquier caso, en el plazo de un año desde la fecha de entrega, so pena de prescripción de todo derecho a la garantía y al resarcimiento. La comunicación deberá contener, además de los datos de facturación, una descripción exacta del vicio y un presupuesto de los gastos de reparación o modificación del producto; en caso de que falten estos datos la reclamación se considerará nula. La garantía por defectos ocultos no estará incluida o será limitada en caso de: retirada no autorizada de la obra, colocación no efectuada de forma correcta, inobservancia de nuestras instrucciones y directivas de aplicación específicas, acciones perjudiciales, no inspiradas en la normal diligencia, que hayan menoscabado la contención de los daños. La utilización de mercancía visiblemente defectuosa o discordante de lo encargado implica la aceptación de las características de calidad y anula toda eventual reclamación. En caso de que la reclamación sea infundada el Comprador deberá resarcir a Ascot todos los gastos acometidos para la comprobación de las condiciones del producto (viajes, peritajes, etc.). En cualquier caso, la obligación de Ascot se limitará exclusivamente a la substitución de las piezas defectuosas o a su reparación, por lo que quedará descartada toda ulterior indemnización como, a mero título de ejemplo pero no exhaustivo, gastos de retirada y recolocación de muebles, equipos, máquinas, etc., lucro cesante por interrupción o suspensión de actividades, molestias, daños indirectos, etc. La presencia de azulejos defectuosos no invalida la calidad del conjunto del suministro ni implica la obligación de su reemplazo total. Los plazos de duración de la garantía son los que establece el código civil italiano.

### 10. CESIÓN DEL CONTRATO

El Comprador no puede ceder su posición en el contrato, ni tampoco en relaciones obligatorias específicas derivadas del mismo, sin la previa aceptación expresada por escrito por parte de Ascot y, aun en tal caso, el Comprador seguirá siendo solidariamente responsable, junto con el cesionario, de las obligaciones transferidas.

### 11. LEY APLICABLE Y FUERO COMPETENTE

Las presentes Condiciones de Venta y cada uno de los contratos estipulados entre el Vendedor y el Comprador, incluidos los contratos de venta para la exportación, se rigen por la ley italiana, incluidos los Usos del sector de la Provincia de Módena. Para dirimir cualquier controversia derivada del contrato de suministro, tanto por parte de Ascot como por parte del Comprador, será competente de manera exclusiva el Tribunal de Módena. Sin embargo, el Vendedor tiene la potestad de recurrir a otras autoridades judiciales.

### 12. PROPIEDAD INDUSTRIAL Y DISTRIBUCIÓN SELECTIVA – LÍMITES A LA REVENTA

Ascot es propietaria y legítima titular de los derechos exclusivos relativos a marcas, diseños y patentes. Ascot gestiona el suministro de sus productos por medio de un sistema de distribución selectiva. Los suministros recibidos por Ascot y sus puntos de venta selectiva autorizados están destinados a la instalación en el domicilio del usuario final y no se permite ninguna otra forma de reventa a otros intermediarios comerciales que no sean los usuarios finales, a menos que Ascot lo autorice previamente por escrito. La reventa de la mercancía violando esta prohibición habrá de considerarse no permitida, por lo que Ascot se reserva el derecho de proceder judicialmente contra cualquier persona involucrada en reventas no autorizadas.
